Spring Catalogue

—OF—

NEW, RARE AND BEAUTIFUL

PLANTS

FOR SPRING OF 1888.

GREENHOUSES: { Wabash Avenue, between 13th and 14th Sts.
Prospect Avenue, between 13th and 14th Sts.

FLORAL STORE, 1207 Main Street.

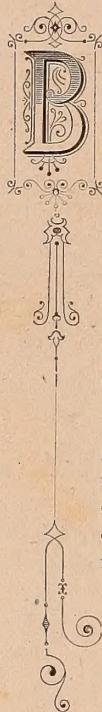

POST-OFFICE ADDRESS: Box 99.

KANSAS CITY, MO.

Notice to Correspondents.

PLEASE READ THIS.

E careful to write your name and address in full.

Plants may be safely sent to all parts of the country at all seasons of the year, as our system of packing is so complete that, although we send out packages during the coldest days of winter, we rarely have a case injured when sent by express.

It will be to the interest of purchasers to leave the selection of varieties to us, as it is difficult to judge of the merits by descriptions.

NO CHARGE FOR BOXING, BASKETS OR PACKING.

Unknown correspondents will please remit one-fourth of the amount with their orders if sent C. O. D. Remittances may be made by Registered Letter, Postoffice Order or Draft, at our risk.

To those who have not dealt with us, we would say, why send East when you can get as good, if not better, plants, and more of them, for the money? Plants not having to come so far will arrive fresher, get over the shock of being boxed up quicker express charges will be less, and we guarantee the safe arrival of all plants, and everything true to name, and we flatter ourselves our plants and prices will compare favorably with any first-class house East.

PLANTS BY MAIL.

When the money accompanies the order, we will send by mail plants carefully packed, and postage paid—but only when the plants desired amount to one dollar and upwards. Plants sent by mail must necessarily be smaller than those sent by express. In case plants called for cannot be sent by mail, the money will be returned.

PLANTS BY EXPRESS.

This is much the most satisfactory way of sending, as the plants will be stronger, and will be received in better order. It is our custom to always put in some extra plants in all lots sent by express, which helps to pay express charges. We earnestly recommend our customers to have their plants sent this way.

Plants offered in this Catalogue are none of your puny, weak, little things that take till fall to see what you get; but are grown in pots ranging in size from $2\frac{1}{2}$ to 4 inches, according to varieties of plants.

We need not mention this to old customers who know what kind of plants we send out, but this Catalogue will be received by many people who never saw our plants or received our Catalogue before.

Patrons can always depend on getting their money's worth, and more, too, as we are very liberal with our extras.

Patrons who wish to visit the Greenhouses can call at the Store, 1207 Main street, and they will get directions there, or take any of the following cars: 18th street cars run within five blocks of Greenhouse; 15th street Cable within $1\frac{1}{2}$ blocks; 12th street Cable within $1\frac{1}{2}$ blocks; 9th street Cable, which runs direct from Union Depot, within 4 blocks. Telegrams to reach us must be directed to R. S. BROWN, Florist, 1318 Wabash Avenue. If for small order cut flowers, etc., send to 1207 Main street.

PLANTS BY MAIL.

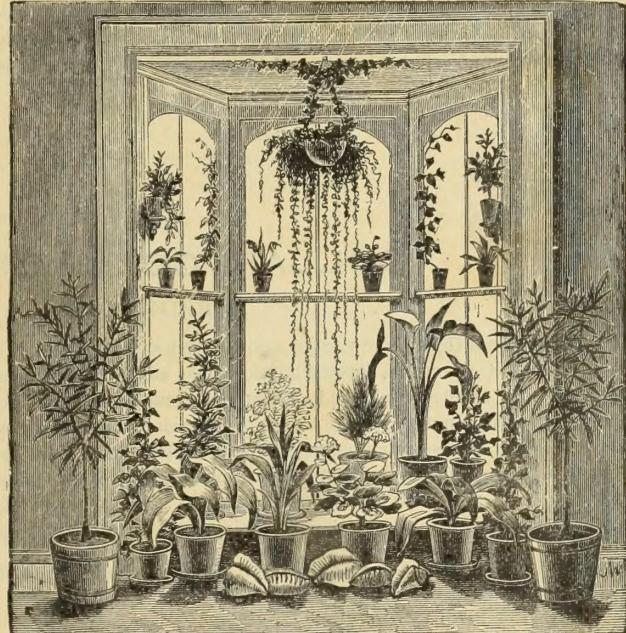

CET UP CLUBS.

IN the rush of Spring business every moment is valuable, and as it takes nearly as long to make ready a two or three dollar order as a five dollar one, we make the following liberal offer for the sending of large orders and to induce parties to get up clubs:

For \$1 parties may select plants to the value of \$1.10, and for \$2 may select \$2.35 worth; for \$3 parties may select \$3.50 worth of plants; for \$5 they may select \$6 worth; for \$10 they may select \$12 worth; for \$15 they may select \$18 worth, and for \$20 they may select \$25 worth.

We trust the above liberal offer will induce our patrons to send large orders and thus benefit themselves and us. When the order is for a club, care should be taken to give the name of each one, with their list of plants and amount of money separate. And to the getter up of a club of \$5 we will send as a premium, Carnation, Silver Spray and Ivy Geranium, Mad. Thibaut; and for \$10 we will send Silver Spray, Mad. Thibaut Rose, Coquette des Blanche and Heliotrope Albert Delaux; for \$15 we will send Silver Spray, Mad. Thibaut, Coquette des Blanche, Albert Delaux Geranium, White Swan, New Golden Marguerite; for \$20 we will send Silver Spray, Mad. Thibaut, Coquette des Blanche, Albert Delaux, White Swan, Golden Marguerite, Fuchsia Phenomenal, Fuchsia Storm King, Carnation Garfield, and Begonia Semperflorens Gigantea Carminata, making ten premium plants, and all are of great merit.

\$1 collections are not counted in club orders.

CHEAP LIST.

EXPRESS COLLECTIONS FOR ONLY \$1.00.

The following collections, to be sent by Express only, are very desirable to those who want a nice flower bed and care nothing about having the names put on each plant, the doing of which during the busy season consumes valuable time. We desire it to be distinctly understood that the plants in these collections are just as good in every way, and probably would be better than the individually selected Plants at more than double the price.

Give this mode of purchasing Plants a trial. We are confident it will please you. No premiums with these collections. Parties ordering from this List will order by letter.

A—25 Alternantheas, of sorts.
B—25 Geraniums, double and single, all kinds.
C—25 Verbenas, all sorts; will make a fine bed.
D—25 Begonias, flowering varieties.
E—25 Heliotropes, different shades.
F—25 Coleus; will make a beautiful foliage bed.
G—25 Salviyas, numerous kinds.
H—25 Ageratums, an assortment.
I—25 Carnations, splendid kinds.
J—25 Basket and Vase Plants, in variety.
K—25 Fuchsias, double and single.
L—25 Chrysanthemums: Japanese, Chinese and Pompon.
M—25 Roses, Geraniums, Coleus and Acharanthus.
N—25 Geraniums, Verbenas, Coleus and Heliotropes.

O—25 Coleus, Heliotropes, Ageratums, Lantanas and Feverfews.
P—25 Carnations, Geraniums, Fuchsias, Coleus and Begonias.
Q—25 Petunias, Verbenas, Heliotropes, Lantanas and Feverfews.
R—25 Roses, Geraniums and Verbenas.
S—25 Abutilons, Carnations, Ageratums, Coleus and Verbenas.
T—25 Carnations, Chrysanthemums, Acharanthus, Ageratums and Coleus.
U—25 Miscellaneous Plants, all kinds.
V—25 Tuberoses, Gladiolas, Cannas and Caladiums.
W—25 Geraniums, Tuberoses, Gladiolas and Pansies.
X—25 Pansies, Heliotropes, Geraniums, Lantanas,

DOLLAR COLLECTIONS.

SPRING, 1888.

It will be seen that where persons are not well acquainted with different varieties, so as to enable them to make judicious selections, these sets offer great advantages for cheapness, and parties will usually get as good selections as they could make themselves, our aim being as far as possible to satisfy every customer that favors us with an order. The choice of varieties in these sets must be left entirely to us, as we positively cannot afford, at the collection prices, to permit customers to name the plants. These collections are subject to the following conditions: That persons ordering are only to name the number or numbers, designating the collection or collections wanted, as it takes too much valuable time to read long letters, giving detailed lists of plants in each collection desired. Simply the number of the collection is all-sufficient.

Entirely our selection of varieties. All labeled, by mail or express. These collections are not entitled to premiums. Parties ordering from this List will order by number.

Collection No.

1—16 Roses, 16 different sorts, all ever-blooming.
2—14 Ever-blooming Roses, selected for winter blooming.
3—13 Hybrid Perpetual Roses, all different and hardy.
4—10 Ever-blooming Roses and 5 Hybrid Perpetual Roses.
5—5 Climbing Roses, 5 Tea Roses and 5 Hardy Roses.
6—4 Ever-blooming Roses, 4 Climbing Roses, 4 Hardy Roses and 2 Moss Roses.
7—3 Ever-blooming Roses, 3 Tea Roses, 3 Hardy Roses, 3 Climbing Roses, 2 Moss Roses.
8—15 Double Geraniums, all different.
9—15 Single Geraniums, fine sorts.
10—5 Double Geraniums, 5 Single Geraniums, 5 Bronze Geraniums.
11—4 Double, 4 Single, 4 Silver and 3 Bronze Geraniums.

Collection No.

12—5 Fragrant, 5 Bronze and 5 Double Geraniums.
13—3 Double, 3 Single, 3 Fragrant, 3 Silver and 3 Bronze Geraniums.
14—16 Carnations, all fine named kinds.
15—5 Carnations, 5 Roses and 5 Geraniums.
16—15 Fuchsias, double and single.
17—5 Coleus, 5 Heliotropes and 5 Fuchsias.
18—7 Gladiolus and 7 Tuberoses.
19—5 Lantanas, 5 Heliotropes and 5 Abutilons.
20—20 Chrysanthemums, all different, not labeled.
21—20 Verbenas, all different, not labeled.
22—10 Verbenas, 10 Chrysanthemums, not labeled.
23—20 Beautiful Basket Plants, not labeled.
24—5 Geraniums, 5 Chrysanthemums, 5 Coleus, and 5 Carnations, not labeled.
25—5 Coleus, 5 Ageratums, 5 Acharanthus, and 5 Verbenas, not labeled.
26—5 Fuchsias, 5 Heliotropes, 5 Carnations, and 5 Chrysanthemums, not labeled.

NEW AND RARE PLANTS

AND

Some Older Varieties of Special Merit.

ROSES.

BEST TWELVE ROSES FOR GARDEN, BEING ALWAYS
IN BLOOM.

Etoile de Lyon	Yellow.
Sunset	Amber.
S. D. Un Amie	Pink.
Pacquette	White.
Catherine Mermet	Pink.
Marie Gulliot	White, large buds.
Safrano	Amber and Copper.
Isabella Sprunt	Light Yellow.
Bonsaline	Carmine.
Hermosea	Pink.
Mad. Joe Swartz	Creamy White.
The Bride	White.

10 to 25 cents each and upwards.

FOR TRAINING ON RAFTERS OF CONSERVATORIES OR
GREEN HOUSES.

Glorie de Digion	Amber.
M. Neil	Deep Yellow.
Small Plants, 10 to 25 cents each.	
Three to four feet, extra strong plants, \$1.50.	

NIPHETOS.

NEW CRIMSON TEA ROSE.

Wm. Francis Bennett.—This grand variety is well worthy of all the praise that it has received, for the necessity of a crimson winter-flowering rose has been urgent for years. It has long pointed buds, like Niphetos, but is a dazzling crimson color, similar to the Hybrid Gen. Jacqueminot—exquisitely fragrant like La France. It is very free flowering, and will be found indispensable wherever winter flowering roses are grown.

The "Bennett" has proved to be a most vigorous growing variety and wonderful free bloomer, every shoot producing a bud. It is worthless as a summer bedding rose. 25 to 50 cents.

NEW FORCING ROSE.

American Beauty.—Entirely different from the "Bennett." This magnificent rose produces its immense rose pink flowers on every shoot. The wood and foliage is heavy like that of a Hybrid Perpetual. It never clusters and can be cut with very long stems which is a very important feature. The American Beauty has the Hybrid fragrance, and this, with its large size, rich color, splendid habit and free blooming properties, makes it the most valued and popular

rose of the day. The flowers of this variety have sold for an average of \$50.00 per 100 at wholesale this winter. This fact tells its merits better than any description. A good bedding rose for the garden. 25 to 75 cents.

NEW HARDY EVERBLOOMING ROSE.

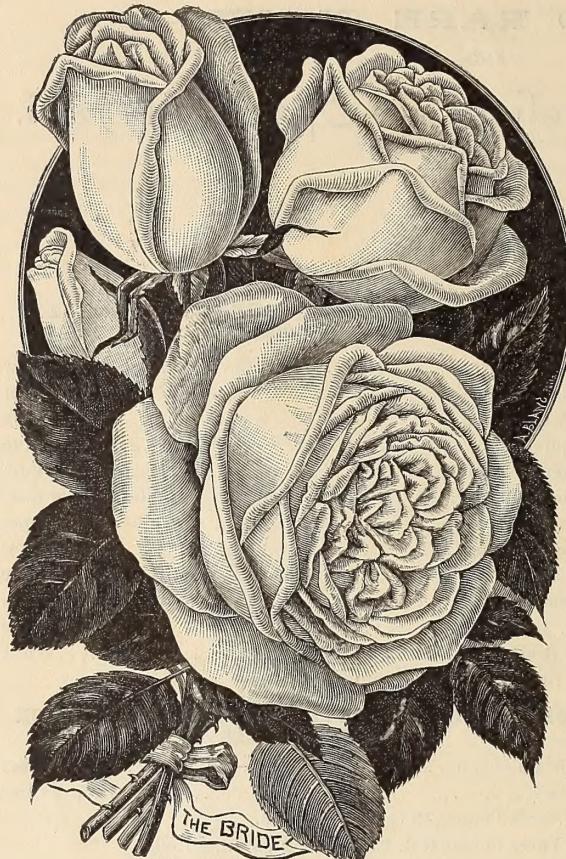

Dinsmore.—The flowers are large, perfectly double and of a dazzling scarlet-crimson color, and have that rich spicy fragrance peculiar to the best Hybrid Teas. It is entirely hardy, blooms incessantly and is one of the most beautiful bedding roses. Each 75 cents.

NEW ROSE.

Meteor.—It is a constant and profuse bloomer, vigorous, healthy in growth, no tendency to mildew. No dark red rose ever before offered will be as useful for summer-cut flowers. It is so double it produces perfect flowers in the hottest weather. Price, each \$1.00.

Coquette des Blanches.—Although not a new rose, it is not as well known as it ought to be. It is an immense bloomer; flowers pure white; strong grower and is hardy. Stands without a rival in a white rose. Price each, 25 cents to \$1.00.

NEW TEA ROSE.

"The Bride."—This valuable acquisition is a "Sport" from the well-known pink forcing variety Catherine Mermet and has the large size and perfect form of that standard sort. The Bride is pure white in color and is far more free flowering than Cornelia Cook, and, in fact, is much more prolific than Catherine Mermet itself. The Bride has done so well in all sections this winter that it is certain to have an enormous sale. Its many merits place it in the front ranks of the standard winter-blooming roses. 10 to 50 cents.

Papa Gontier.—A magnificent Red Tea; flowers large and semi-double; a vivid rose color shaded yellow; reverse of Peter's Crimson; free growing and flowering profusely. A fine winter-flowering rose. 25 to 50 cents each.

New Ivy-Leaf Geraniums.

The following are the best varieties ever offered and should be grown extensively by every florist in this country. We can recommend them to all, having very thoroughly tested them.

Eden Marchi.—Enormous sized flowers, beautiful salmon rose shaded violet. An extra fine variety in every respect.

Furstin Josephine von Hohenzollern.—Very double, flowers ranunculus formed, trusses of immense size, red deeply shaded with solferino. One of the finest Ivy Leaved Geraniums we have ever seen. Price, 50 cents each.

Le Printemps.—Flowers very large and formed in immense trusses, brilliant salmon rose. An A1 sort.

Md. Thibaut.—The flowers of this variety equal in size and form any yet produced in the Zonale class. This is one of the best varieties ever sent out. Color very beautiful China rose, center darker.

Massenet.—Flowers semi-double, violet currant color, very free bloomer.

Able Carrier.—Large fine double flowers, currant tinged with dark violet.

Gen. De Negrier.—Rich Magenta Rose.

Langson.—Vigorous habit, large flowers, rich salmon rose.

Horace Choisel.—Trusses large; color, salmon pink. A perfect mass of bloom when in flower.

Each 25 cents, except where noted. The nine varieties for \$3.00.

Spotted Show and Regal Pelargoniums,

or, LADY WASHINGTON GERANIUMS.

Baltie.—Crimson and scarlet, center violet.

Bertha.—Rich maroon, white center.

Captivation.—White, dark spots.

Eclipse.—Blackish maroon, edged crimson scarlet, light center.

Charles Turner.—Scarlet and pink.

Hoffgartener Kellerman.—Dark, fiery red and light carmine.

John Bright.—Dark red, cherry spots.

Lord Napier.—Orange rose, shaded crimson.

Mabel.—Dark maroon, fine and free.

Manzella.—Scarlet, maroon spots.

Midas.—Center orange crimson, upper petals veined maroon.

Fred Dorner.—Nearly ever blooming, probably the best of its class. Flowers white shaded and spotted pink, very free.

Victor.—The ground color of the flower is bright cherry pink, white at the base of the petals. The two upper petals are dark crimson maroon, almost black.

25 cents each unless noted; per dozen, \$2.50. My selection, 20 cents each; six for \$1.00.

GERANIUMS.

DOUBLE GERANIUMS.

Adolph Grimminger.—Large trusses of brilliant red, plant free blooming and of good habit.

Bonne de Lamberterie.—Very soft rosy flesh color, trusses good, fair size, florets very large and beautifully formed, semi-double. One of the finest ever sent out.

Bastien-Lepage.—Brilliant salmon tinted with orange. Beautiful.

Bac-ninh.—Immense spherical trusses of large, perfect florets, center beautiful salmon, petals bordered with lively red. A very distinct and fine variety. Plant of short jointed and very free blooming habit.

Belle Nancienne.—Plant dwarf and floriferous. Enormous trusses of very large, full and well formed florets of a fresh and very attractive color, marble white lightly darkened with tender rose, center lively salmon.

Carmen Jacquet.—Spherical trusses. Color, rosy madder and lake.

Gen. Millot.—Very large florets, trusses full and of immense size, color the same as that splendid variety, "Grand Chancellor Faidherbe," but with very large trusses and finer florets. A grand variety.

Gustave Wideman.—Plant of short jointed and free flowering habit. Strong trusses of very large florets of a lively apricot color.

Golden Dawn.—Large, well formed flowers, orange red, good grower and fine sort.

Gen. de Courcy.—Enormous sized spherical trusses, flowers very full, brick red in the center changing to a salmon rose, marbled with white.

Gloire de France.—A grand variety. Flowers very large and double, center very distinct dark salmon, large border of rosy white. This variety is on the style of the beautiful sort, *Belle Nancienne*, but much larger trusses and still more beautiful, and should be in every florist's collection.

Le Poitevin.—Bright cherry mixed with solferino, umbels and florets large. Very fine.

Les Huguenots.—Trusses large, florets very double, silvery lilac. Very fine.

Md. Max Singer.—Very large flowers of a tender rose color, center of flowers pure white. A very beautiful variety.

Mary Hill.—Very rich deep pink, center marked white, flowers semi-double, trusses large and of good form, habit of plant perfect. A good geranium that all should have in collections.

Negro.—A very fine geranium. Well formed trusses of a dark velvety red color of a very rich tint. Undoubtedly the darkest red geranium out.

Petit-Jean.—Enormous compact trusses, color solferino, center of upper petal red.

Princess d'Anhalt.—Pure snow white, perfect formed flowers in very large trusses which are very freely produced.

Re Umberto.—Semi-double flowers of a very beautiful orange red. This variety is still more of a yellow shade than *Golden Dawn*, and is a first class geranium in every respect.

Sergent Blandan.—Flowers large and full, rich orange madder. One of the largest trusses of any variety yet sent out.

Secrétaire Nichols.—Flowers semi-double, trusses very large, color garnet with orange center.

Each 25 cents, dozen \$2.50.

SINGLE GERANIUMS.

Arc-en-Ciel.—Trusses large and well-formed, beautiful, perfect-formed florets, reddish lake tinted, fiery red at the border of the petals, the upper petals marked with orange color, novel, presenting the most tints and colors of any geranium yet raised. We recommend this as a geranium all should have.

Cyclope.—Trusses large, color white shaded salmon, with an orange center plainly distinguished from the white, and producing a beautiful effect. Plant very floriferous.

Cosmos.—Immense, perfect-formed trusses, florets large and finely formed, color salmon with orange, brighter toward the center. A grand variety.

Neve.—Plant vigorous and of splendid habit, large trusses of the purest white flowers.

Paris Ischia.—Perfect-formed trusses, color very brilliant salmon, heavily tinted with orange, with an extraordinary large and distinct pure white center. A most beautiful variety.

Glorie de Loraine.—Trusses large, color rich orange, shaded with salmon and distinctly marked with white. Plant free-blooming.

King Olga.—This is the finest single-bedding geranium that has been sent out in years. It will entirely displace Master Christine, as it surpasses that fine old sort in every respect. The petals are brilliant deep pink, white at the base.

Gracie.—White, with distinct red ring around a small, pure white eye.

M. Albert Delaux.—Beautiful flesh-color, beautifully specked or sanded with carmine rose, upper petals marked white. Very distinct and fine.

Sam Sloan.—Deep crimson scarlet, trusses of immense size. Fine bedding variety.

John M. Clay.—A grand single geranium, which we offer now for the first time, believing it to be the best single scarlet yet raised. Trusses very large and of perfect form, florets exceedingly large, round and of finest shape, color dazzling scarlet, with the base of the petals slightly marked white. This variety was raised in the South, and stands the sun well.

Queen of the Belgians.—A variety raised in England, trusses large, color purest white. We recommend this very highly.

J. B. Dumas.—Violet amaranth, upper petals marked capucine red, large-sized trusses.

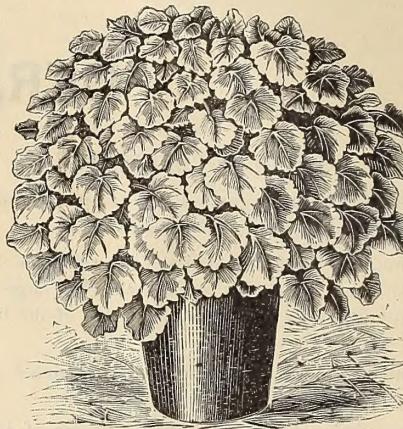

Himalaya.—Flowers large, orange salmon, bordered with clear salmon with a pure white eye. Plant dwarfed and very free.

Frau Louise Voith.—The grandest single pink geranium out. Color a beautiful, clear and brilliant carmine rose, with a very large and pure white eye,

florets round and of perfect form, trusses of enormous size and beautiful shape. Plant very free, and of excellent habit. A fine geranium in all respects. Each 25 cents, per doz \$2.50.

NEW DOUBLE GERANIUM, "White Swan."

A beautiful new sort, introduced last season. The flowers are clear white in color, never being tinged with pink, either when grown in the house or planted out-doors. The individual florets are entirely double, resembling in miniature a double white balsam flower. The "White Swan" is a free-blooming variety; a bed of it at a little distance has an appearance as if snow had been sprinkled among the green leaves. Price 30 cents each; 4 for \$1.00.

SILVER GERANIUM.—Md. Salleroi.

Md. Salleroi.—A grand little novelty, with leaves from one to two inches in diameter. Center of leaf rich olive-green, with broad margin of pure white. Plant very dwarf, growing in dense, round masses. It is not injured by the direct rays of the sun, and will be found to be one of the most valuable varieties ever sent out for baskets, vases or bedding purposes. 10 cents each.

Hybrid Cape Geranium—Echinatum.—Flowers pure white, upper petals feathered with maroon, borne in well-formed trusses. 25 cents each.

BRONZE GERANIUMS.

Corrine.—Light yellow foliage, with deep bronze zone, trusses of large, double, beautiful and bright double flowers. A fine double-flowered bronze geranium. 15 cents each.

Exquisite.—A good grower and free bloomer, does well in the sun, flowers salmon. It is one of the best of the bronze geraniums. 15 cents each.

ZULU.

Zulu.—Single-flowered, broad, dark zone. The finest of the bronze foliage geranium. 25 cents each.

W. P. SIMMONS' COLLECTION OF CHRYSANTHEMUMS.

Mrs. John Thorpe.—Bright crimson petals, tubular part of their length, and arranged curiously.

Gerogons.—Golden-yellow flowers, very large.

Glorosiuom.—Light yellow, immense flowers, various petals, curved and twisted.

Lady St. Clair.—One of the most beautiful of all the in-curved section. The flowers are regular and perfect in outline, and of the purest white.

Sans Pareil.—Crimson and wine color, reverse of petals gold, beautifully imbricated.

Ida Rogers.—Golden bronze, one of the best.

Cherub.—Golden yellow, finely in-curved.

Frank Wilcox.—Erect-petaled flower, slightly toothed, rich golden amber, slightly shaded deep bronze.

Geo. Wolcott.—Large flowers, lilac shaded pink.

Pres. Lavallee.—Purplish red, golden reflex.

Glorie de Rayonante.—Quilled flowers, of a clear, satiny rose color, with lilac shade. Flowers large and early.

Edna Craig.—This is an entirely new and distinct type, having flowers nearly six inches in diameter, of the snowiest white petals, flat, the center anemone formed pale yellow and pure white. Each 25 cents; the set for \$2.50.

Chrysanthemums.

FLORIST'S SET.

Moonlight.—White, late.

Christmas Eve.—White, yellow center.

Ex de Chalon.—Pinkish white.

Peter Henderson.—Yellow, shaded to white.

Eline.—Light pink, curled petals.

Snow Storm.—Pure white, early.

Mrs. F. Thompson.—Large white, center yellow.

Ferdinand Ferrell.—Pink, change to white.

Duchess.—Rich dark copper.

Blanche Neige.—Large white.

Cariolan.—Crimson rust color, amaranth and violet.

Eugene Mezard.—White, golden center.

Each 10 cents; the 12 for \$1.00.

PETER HENDERSON & CO.'S DESCRIPTION OF

The New Imperial Chrysanthemums.

The colored plate is in Peter Henderson's Catalogue. I purchased my Plants of him, and they can be relied on as true to the description he gives.

The varieties so beautifully shown by the Colored Plate were raised by a wealthy Japanese gentleman, who has long been noted as having the grandest collection of Chrysanthemums in Japan, which he held exclusively until after great difficulty our collector there induced him to part with a portion of them, and we now have the pleasure of offering to the American public the most grotesque and beautiful

collection of Chrysanthemums ever seen. The Chrysanthemum is the national flower of Japan, and the perfection to which it has been brought by the Japanese gardeners is truly wonderful, and when we add that even in that country this collection was considered something extraordinary, some idea can be obtained of their beauty and variety. It is no exaggeration to say that these varieties surpass in

brillancy of colors, immense size and beauty of form any collection of Chrysanthemums ever before offered. We received **First Premium** for this Collection at the Exhibition of the N. Y. Horticultural Society on Nov. 18th, 1887.

The New Imperial Chrysanthemums shown in the Colored Plate were drawn and colored from our own plants from the specimens exhibited at the various exhibitions by us. The flowers are only about **half the size** they attain on well-grown plants, and, grand as the colors are, they do not by any means come up to the natural tints. These new varieties are strong, vigorous growers, and are just as hardy as the old common sorts. We omit descrip-

tions of them, as the colored plate will give a truer idea of their form and color than any printed description.

1. **Mandarin.**
2. **Mrs. Seaman.**
3. **Harn Ko.**
4. **Muts Hito.**
5. **Autumn Queen.**
6. **Mrs. Jessie Barr.**
7. **Palma.**
8. **Bartholdi.**
9. **Gladiator.**
10. **Volunteer.**
11. **Oriental.**
12. **Golden Rod.**

Price..... each 30 cents, 12 for \$3 00

CARNATIONS.

NEW AND OLD CARNATIONS.

Simmons' Description.

Silver Spray.—This is a seedling raised by us that we have grown and tested two years before offering to the trade, in order that there should be no mistake as regards its quality, and we now offer it for the first time and can without hesitation recommend it as by far the best and most profitable white Carnation we have ever grown or seen. During the past year we have had many inquiries for a good, healthy, pure white variety for cut-flower purposes, and to all such inquiries we would say that in "Silver Spray" we have a variety that will meet their demands, and no cut-flower grower can afford to be without a stock of it. "Silver Spray" is entirely free from disease, and we have never seen a diseased plant among it during the two years' test, is a remarkably robust grower, attaining a height of only about fourteen or fifteen inches and forming very bushy plants. It blooms even freer than the well known variety, "Snowdon," with the flowers nearly all long stemmed; the flowers are large and perfectly formed, calyx never bursting, petals beautifully fringed, very fragrant and pure white in color. We have thought best to place this variety at a price within the reach of every cut-flower grower and we would advise all to place their orders at as early a date as possible. 25 cents each.

NEW YELLOW CARNATION.

Andalusia.—One of the best new carnations. Its flowers are very large and perfect in shape with beautifully fringed edges. The flowers are a fine light yellow or straw color, with delicate clove fragrance. A healthy strong grower and free bloomer. Small plants, 25 cents.

J. J. HARRISON.

A beautiful variety with flowers of the most perfect shape and enormous size; color, a pearly white, delicately streaked rosy carmine, each petal distinctly edged with the same. A very desirable variety on account of its immense size, delicate colors and fine shape. 15 cents each.

Portia.—Scarlet, throws up its flower on long stems. Fine for cut flowers. Each 10 cents.

Pres. Garfield.—By all odds the best Red Carnation. Long stemmed, vigorous grower, prolific in bloom and good color. 15 cents each.

Chas. Sumner.—Flowers pink, plant dwarf and bushy. Fine for a pot plant. 10 cents each.

Grace Wilder.—The plants are bushy and make fine pot plants. Flowers pink. Cut flowers of this variety sell higher than any other pink variety. Each 15 cents.

Buttercup.—Plant vigorous, blooms freely, flowers yellow with a dash of red through them. Each 15 cents.

BEGONIAS.

Alba Picta.—A perfectly distinct new variety; it is shrubby in habit and of compact growth, having long slender-pointed leaves on short stems, leaves glossy, green, thickly spotted silvery white, the spots graduating in size from the center toward the margin foliage, small and elegant branches, upright and gracefully curving. 50 cents.

GIGANTEA CARMENATA.

Gigantea Carmenata.—A fine grower, immense bloomer, throws up its flowers on strong stems well above the foliage like geraniums, enormous trusses of soft rose crimson; attracts attention at once; trusses when open are four to five inches across. Extra. 50 cents each.

Manicata Aurea.—A most beautiful variegated plant, leaves large, glossy and smooth, delicate shade of green blotched profusely with yellow, flowers pink, strong grower, and very ornamental. 50 cents.

Glorie de Seoux.—This Begonia has shown itself very finely the past season, of erect growing type, very compact, foliage a deep plum color, leaves are as large as the Rex varieties, flowers bright rose, very free grower. One of the best for winter bloom. 50 cents.

Bruanti.—Glossy bright green foliage, white flowers shaded to a delicate pink, a profuse flowering and in every way a desirable variety. 10 cents.

Bruanti Rosea.—Quite as fine as the above, while the leaves are darker in color, with veins depressed. The flower is a fine rose salmon. An excellent variety. 25 cents.

Rubella.—A very ornamental Indian species, leaves blotched with red on a pallid ground. Belongs to the Ricinifolia section. Ribs banded with purplish-brown; under surface red. 25 cents.

New Begonia—Moonlight.—Beautiful rich dark green, foliage veined a lighter shade. A fine compact low growing plant, literally covered with large trusses of pure white flowers well above the foliage. Price 25 cents

Unique.—As its name denotes, a charming unique variety, small, glossy foliage, dwarf habit, with clusters of white flowers. 25 cents.

Palmata.—Leaves bronzy, palm-shaped, bold foliage. Makes fine specimen plant. Throws flower stalk well above the foliage. 25 to 50 cents each.

Sutton's White Perfection.—This is a seedling of the Sempervirens class. In this Begonia we have the finest white both for market and cut flower uses we have ever seen. It is a continuous bloomer both summer and winter, and is beautiful in cut flower work. Plant of strong robust growth, foliage dark green, flowers large and of a beautiful pearly white, borne on long stems. We can recommend this as one of the most decided and valuable acquisitions of the year. Each 25 cents.

New Yellow Coleus.

“J. Goode.”—This variety is used almost exclusively in the public grounds and parks in Chicago, and is undoubtedly one of the finest bedding Coleus ever introduced. It is not a clear yellow, but is mottled yellow and green; outside, however, it becomes almost pure golden yellow. In habit and strength of growth it is similar to “Verschaffelti,” which makes it the best contrasting variety to plant with that popular sort.

Purple Prince.—Violet purple.

Yellow Jacket.—Clear yellow.

Harry Harrold.—Pink, bronze and green.

Mikado.—Mottled and splashed pink, red, green, and yellow.

Tokio.—Yellow center, green edge.

Arlington.—Pink center, changing to bronze; fine green edge.

Each 15 cents; the 7 for \$1.00.

FUCHSIAS.

PRESIDENT GREVY.

President Grey.—This new double Fuchsia is greatly in advance of any of its color before introduced. Corolla violet salmon and sepals rosy lake; fine upright grower. Price 50 cents.

Compacta Suburba.—One of the very best Fuchsias grown; dwarf, compact and bushy. Flowers double, purple. Makes an elegant pot plant. Each 25 cents.

Storm King.—Of German origin. No Fuchsia ever sent out has been as much advertised as this, or has been so widely scattered. Stock has always been scarce, and the demand still continues. Double white flowers, dwarf habit. Each 25 cents.

Phenomenal.—The largest Fuchsia that has come to our notice—larger than Champion of the World—short tube and sepals of a rich reddish crimson color. Corolla very full and double, of a beautiful azure violet flaked with red. Price 25 cents; the 4 for \$1.00.

NEW HYBRID FUCHSIAS.

Col. Bognis-Desbordes.—Plant dwarf and very free blooming, single corolla, globular and of a clear violet color; large petals, salmon rose. A plant of the first order.

Col. Domine.—Very free branching habit, corolla very double and of an imbricated form, white striped rose; sepals reflexed and of a distinct clear red color.

Md. Thibaut.—Sepals reflexed, carmine, corolla double, carmine bordered white.

Duke of Albany.—Corolla single, purplish red, tube and sepals red. One of the freest bloomers we have seen, and one that we can strongly recommend for vases, baskets or market purposes.

Pres. F. Gunther.—Large double flowers, sepals carmine, corolla lilac darkened with violet. A beautiful and fine variety.

Drame.—Flowers double with large petals of a very beautiful blue, sepals perfectly reflexed and of a lively red.

Elysee.—Very large clusters of flowers, sepals coral red, corolla single, dark violet.

Nellie Morton.—Flowers white, semi-double, seedling of Lucky Finns, partaking of the same dwarf habit; flowers hold better than on the parent plant. When better known, will be a popular plant. 35 cents.

Lamennais.—One of the finest double whites in cultivation; plant dwarf and bushy, corolla very large and double, sepals carmine red.

Mazepa.—Very free bloomer, flowers single, sepals lively red, corolla violet.

Sapaly Freres.—Sepals coral red, corolla violet and crimson red; one of the most beautiful of the doubles.

Esmeralda.—One of the grandest and most distinct varieties; should be in every collection. Tube short, sepals red, corolla very large and double, beautiful lilac changing to clear rose.

Glory.—Plant dwarf and bushy, sepals nicely recurved, large single beautifully formed violet corolla.

Mille Jager.—In this we have an improved Rose of Denmark, flowers larger and of finer form, with still more beautiful shades of color. The best of all the single rose colored varieties, being very early and free.

Perle von Brunn.—Sepals relieved, very clear red in color, corolla very double and of immense size and of the purest white; plant a much stronger grower than Frau Emma Topfer, with flowers equal in size and much purer white, the finest double white yet offered, and we recommend it as A No. 1 sort. 35 cents.

Bulgarie.—Large brilliant red sepals, extra large single corolla, of perfect form, color violet prune.

Lustre Improved.—The old and well known variety, Lustre, has been in cultivation about ten years, and in consequence of its brilliant scarlet corolla and its early and profuse blooming habit, has been a general favorite. The one now offered is a seedling and in all respects better, corolla larger, bolder and more intense in color, while the habit is all that can be desired, and is a lovely Fuchsia.

25 cents each, except where rated.

EUPHORBIA CORROLATA.

Euphorbia Corrolata.—Not new, but a plant well worthy of cultivation. As a florist flower for toning up work it is indispensable. Flower white and a continuous bloomer. It has been aptly named the white Forget-Me-Not. Entirely hardy; should be planted in some permanent place. Each 25 cents.

FREESIA REFRACTA ALBA.

Freesia Refracta Alba.—No description can adequately describe this beautiful plant. The body of the flowers are pure white, with lower segments spotted lemon yellow, two inches long and about same in width, in shape like miniature gladioli, on depressed horizontal scapes, each bearing from six to ten flowers. The perfume is most delicious, being a mixture of Mignonette, Violet and Jessamine. The plant has tooth-shaped bulbs, with flat spreading leaves. Its cultivation is of the simplest, requiring only to be potted in October, to be watered sparingly at first, placed in a sunny widow and watered more as growth progresses; when out of flower, store in some dry place and re-pot at proper season in fresh soil for another year's growth. 10 cents each.

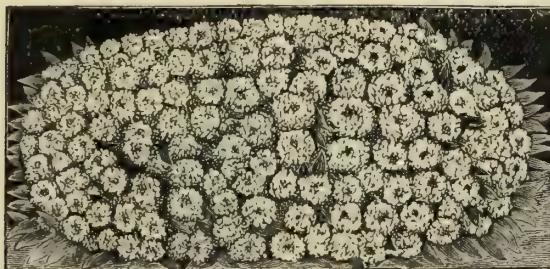

SEAORTHIA ELEGANS.

Palms.

Our stock of Palms is in splendid condition, clean, thrifty and healthy. We offer the choicest and most useful kinds for show and decorative purposes. There is no loss in these plants, which often occurs in imported stock, while the prices are much lower.

- Areca Lutescens.**—\$2.50 each.
- Areca Rubra.**—\$2.50 each.
- Areca Sapida.**—\$2.50 each.
- Areca Verschafelti.**—\$2.50 each.
- Chamaerops Excelsa.**—\$2.50 each.
- Corypha Australis.**—\$2.50 each.
- Cocos Wedelliana.**—\$3.00 each.
- Cureuligo Recurvata.**—50 cents each.
- Latania Borbonica.**—\$2.50 each.
- Phoenix Cahariensis.**—\$2.50 each.
- Pychosperma Alexandrae.**—\$2.50 each.
- Seaforthia Elegans.**—\$2.50 each.

NEW SWEET ALYSSUM.

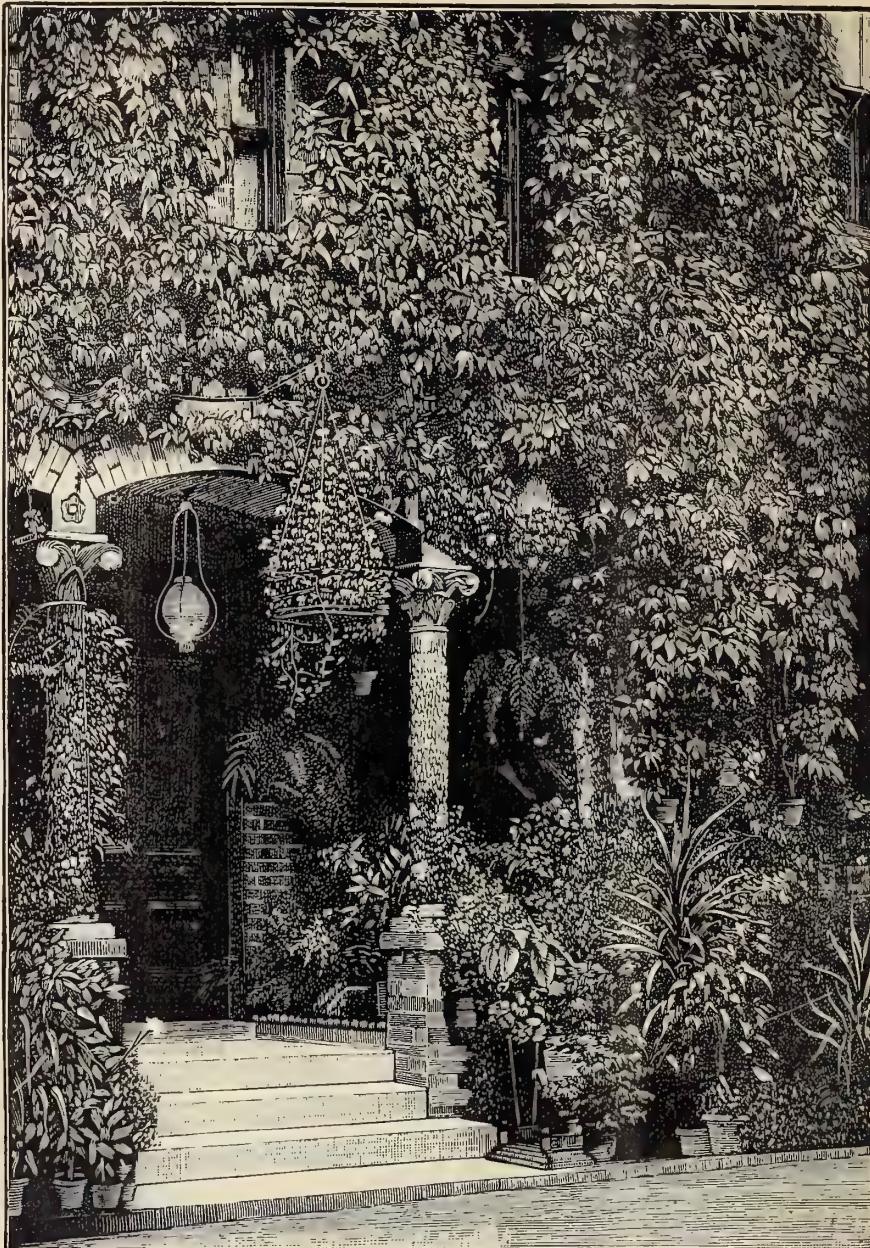

New Sweet Alyssum—“Tom Thumb.”—A most unique dwarf variety of the old Sweet Alyssum. From its free-flowering qualities and compact style of growth, it can be used effectively as a white line in “ribbon-planting,” vases, etc. 10 cents each.

MILLA BIFLORA.

Milla Biflora.—Is one of the loveliest and most desirable bulbs known. The flowers are borne on stems 2 to 5 in number, of pure, waxy white, $2\frac{1}{2}$ in. diameter; petals thick and leathery, of great substance; will keep for days when cut and put in water. The foliage is slender, and like the rush-leaved Narcissus. It is a flower that will attract attention among a thousand, and after being cut it will last a week. It will throw up as many as six flower-stalks from one bulb, making a continuance of bloom for many months. It is a summer-flowering bulb, and should be planted out from April to May 15th. 10 cents each.

Bonapartia Juncea.—A very scarce genus of plants, with long, graceful, rush-like leaves; very attractive when grown in a vase out-of-doors in the summer. Flowers borne on large spikes. It requires a warm temperature in winter. \$2.50 each.

VIRGINIA CREEPER.

Ampelopsis Quinquefolia (Virginia Creeper).—Chiefly valuable for its strong, vigorous growing qualities. Large roots from open ground. Also, when it is too late for open ground plants, we have them pot grown so as to be set out any time when wanted. 25 to 50 cents each.

APIOS TUBEROSA.

Apios Tuberosa.—A hardy perennial climbing plant, of graceful, twining habit, closely allied to the Wistaria, and is sometimes called the "Wild Wistaria." It blooms in July, and bears large clusters of brownish-purple, sweet-scented flowers. Also called Cinnamon Vine. Each 25 cents.

CONSTANCE ELLIOTT.

Hardy White Pasiflora—Constance Elliott.—This beautiful Pasiflora is a seedling from Cerulea, and, like it, is hardy and free-growing; flowers are pure ivory white; excellent for cemetery purposes. Each 25 cents.

QUEEN OF THE VIOLETS.

New Heliotrope—Queen of the Violets.—Every season brings a number of Heliotropes new in name. In this variety we have one really new, and a decided acquisition when acclimated. Its color is of the deepest violet-purple, with large, almost pure white eye, and very fragrant. 20 cents each.

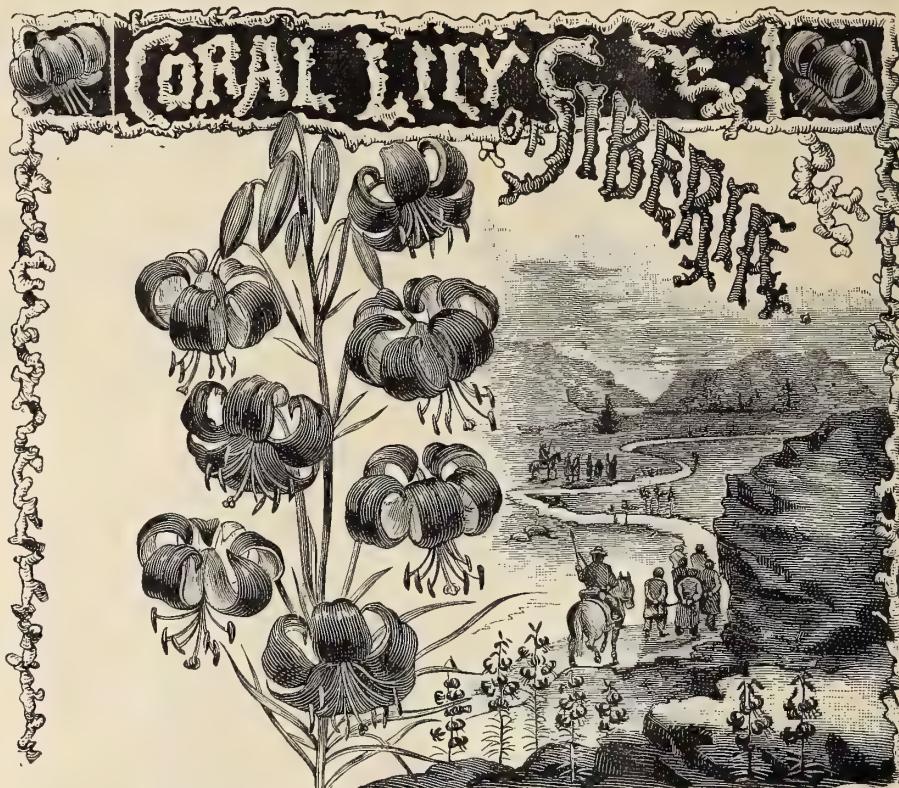

New Heliotrope—Albert Delaux.—A French variety of great beauty. Foliage is a bright golden yellow, very pronounced, and marked slightly with a delicate green. In bloom it is exquisitely beautiful, the deep lavender color of the flower contrasting admirably with the varying foliage; very free flowering; trusses large. Price 20 cents each.

IMPATIENS SULTANI.

Impatiens Sultani.—This plant grows freely and flowers profusely and continually, resembling somewhat a Balsam in habit of growth and shape of leaves; the flowers are single, of the richest carmine-magenta color. We have no hesitation in saying this is a really valuable novelty. 25 cents each.

Impatiens Lucy.—A very distinct variety, similar in habit to Impatiens Sultani, but with violet-carmine flowers; very strong-growing and showy, blooming all summer. 25 cents each.

LILY TENUIFOLIUM.

Lily Tenuifolium.—This superb Lily is distinct from all others. The perfect symmetry of the entire plant, foliage and flower is wonderful. Its spike of scarlet, flame-like flowers is held erect like a flambeau at night. The texture of the flower is like a piece of coral, of the most brilliant red we ever saw, set off with most telling contrast with its graceful, fern-like foliage of emerald green. The foliage is slender and graceful and attenuated, from which fact it takes its name, *L. Tenuifolium*. It is a native of Siberia, and, of course, perfectly hardy. Blooms very early in May or early June. Grows three feet high when in good condition, and has frequently twenty-seven blooms. A bed of these in bloom is a sight never to be forgotten. Plant in loose soil, with

good drainage, with top of bulb three inches below the surface. Each 40 cents.

Double White Petunia—Mrs. G. Dawson Coleman.—This is the finest double white Petunia ever raised. The flowers are of the large size, perfectly double, elegantly fringed, and pure snow-white in color. The habit of the plant is strong and handsome, and in every particular this variety is the ideal double Petunia. Very useful for summer cut flowers. 50 cents.

Double White Petunia—Mont Blanc.—This new Petunia is a free bloomer, continually in flower when bedded out, and is useful in floral work; fine for cemetery planting. 10 to 25 cents each.

ANEMONE JAPONICA.

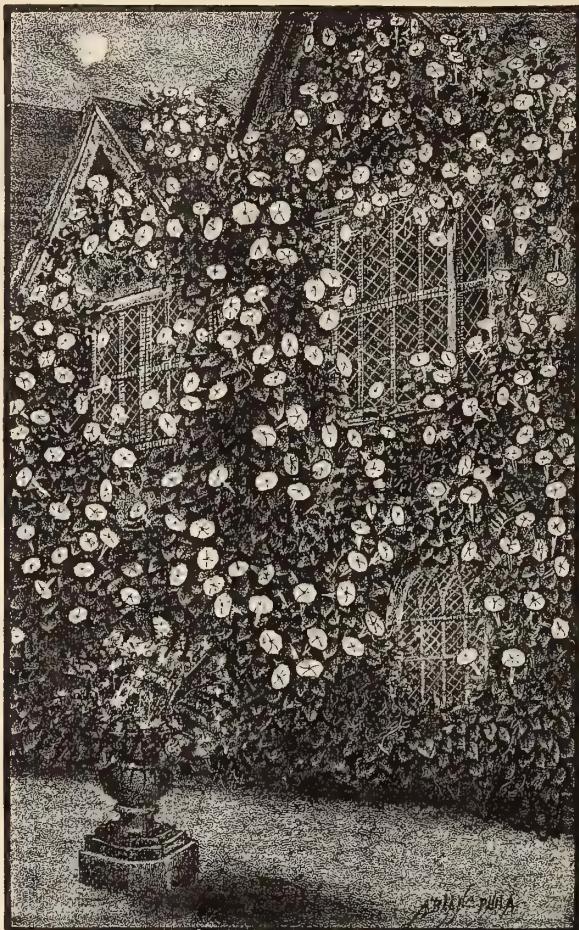

Anemone Japonica Alba.—One of the most desirable of all the late summer and autumn flowering hardy herbaceous plants. They commence flowering early in August and continue until cut down by severe frost. The flowers are of a delicate pure white, with yellow centre and dark eye, about $1\frac{1}{2}$ inches in diameter; they thrive best in a moist, rich soil—a covering of leaves, straw, or long manure being sufficient for our most severe winters. As a cut flower we consider Anemone invaluable, and should be grown in large quantities. 20 cents each.

Rosea.—Dark rose, shaded pink, yellow center, dark eye. 20 cents each.

FANCY-LEAVED CALADIUMS.

Fancy-Leaved Caladiums.—Our collection has been carefully revised and cleared of all but first-class, distinct and well-marked varieties. Our selection of sorts, 25 cents each; dozen, \$2.50.

MOON FLOWER.

Moon Flower, or Evening Glory.—A dense and rapid climber, gives universal satisfaction wherever it is grown. Train it same as any vine by giving it support. 15 cents each.

DOUBLE GOLDEN MARGUERITE.

(*Anthemis Coronaria, fl. pl.*)

This is the most valuable new plant we have had in years. Clear golden yellow, it blooms without cessation the entire season; in winter, as well as in summer it is ever covered with bloom. It is not only an excellent thing for cut-flowers, but it will make a grand plant to use in massing or ribbon line planting, as heretofore, we have had no yellow flowering plants that could be relied on. The Calceolarias, so much used in England, failing in most places here in the hot weather, in which this new plant luxuriates. Another season's experience with this grand plant more than confirms the high opinion of it. 25 cents.

NEW WHITE-FRINGED HYDRANGEA.

(*Hydrangea Stellata Fimbriata.*)

The flowers are formed in immense trusses, sometimes nine inches in diameter; the bracts are of the purest white, fringed, having a crimson spot in the center. This variety we find to be not only finer but harder than the old White Hydrangea, "Thos. Hogg," so that it will form an excellent and most appropriate plant for cemetery purposes. Plants attain a diameter and height of from three to four feet. Now offered for the first time. Price for large stock plants, \$3.00 each. Fine plants in three inch pots each \$1.00.

NEW ALTERNANTHERA SULPHUREA.

A most valuable addition to our bedding plants. It somewhat resembles the old Alternanthera Aurea, but unlike that variety it holds its beautiful variegation through the entire season. It is of strong growth and the dazzling brilliancy of its color at once strikes the eye. The color is entirely distinct, being a striking combination of old gold and orange. 20 cents.

ALTERNANTHERA SPECTABILIS VARIEGATA.

A new "sport" from "A Latifolia." Leaves bright crimson, shaded with rose and white. A most distinct, unique and valuable variety. Price, each 20 cents.

DOUBLE GOLDEN MARGUERITE.

Dahlias.

Catharine, P.—Yellow.

Minefield Beauty.—Beautiful shade of red.

Fanny Purchase.—Bright yellow.

Glory of Summer.—Salmon Scarlet.

Princesse.—White, large flower, free.

Bird of Passage.—White-tipped pink.

Ronald.—Buff, free and fine.

Snowdrift.—White, full size, free.

Fancy Boy.—Light scarlet.

Mont Blanc, D.—Clear white.

Aurora, D.—Yellow, large.

Little Leopold, P.—Deep pink.

Chris. Ridley.—Bright, glowing crimson.

Amazon.—Yellow, with scarlet edge.

Maggie Soul.—Bluish white, edge purple.

Woman in White.—Large, white.

Flamingo.—Vermilion-Scarlet.

Startler.—Dark maroon, white tip.

Snowcloud.—Pearly white.

And many other varieties too numerous to mention. ("P." are Pompons; "D." are Dwarf; others are standards.) Purchaser's selection, each 25 cents, dozen \$2.50; our selection, each 20 cents, dozen \$2.00.

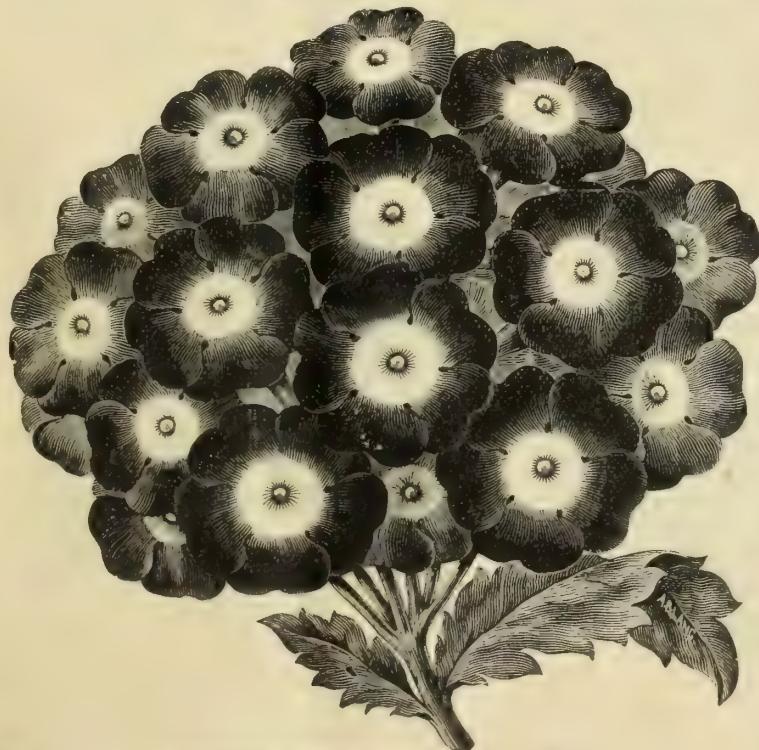

Pothus Variegata.—Basket or vase plant; leaves large, finely variegated, yellow and green. Each 25 cents.

Ampelopsis Veitchii.—(Sometimes called "Boston Ivy" and "Japan Ivy.") This is the most deservedly popular of all climbing plants, being entirely hardy in the most exposed places, attaining a height of fifty feet in two or three years, clinging to stones, brick or woodwork with the greatest tenacity. During the summer the leaves, which are a rich shade of green, lap over each other with great regularity, like a coat of mail, or like slates on a roof. But it is in fall that it shows its exquisite beauty; the leaves then change to the brightest tints of scarlet, crimson and orange, so dazzling as to be seen at a great distance. This beautiful creeper, from its great clinging properties, will, no doubt, soon be extensively used in staying up railroad embankments, for nothing is so well fitted for the purpose, to say nothing of its highly ornamental qualities. 25 to 50 cents each.

Ampelopsis Tricolor.—A beautifully variegated variety, which retains its markings all summer. Each 25 cents.

Ampelopsis Royalii.—A stronger-growing variety than "A. Veitchii." The young growing shoots are a bright crimson, making a striking contrast with the deep green of the older foliage. But it is in the fall that it arrays itself in its gorgeous coloring of vermillion, crimson, orange, old gold, russet brown and purplish shades, so harmoniously blended as to render it impossible to adequately convey an idea of its beauty in words. It surpasses all other varieties in richness of coloring, and its vigorous clinging habit makes it exceptionally valuable for covering walls, dead trees, etc. 25 cents each.

HENDERSON'S NEW MAMMOTH VERBENAS.

HENDERSON'S NEW MAMMOTH VERBENA.

Not once in ten years are we able to offer anything so altogether distinct and surprisingly beautiful as this new strain of Mammoth Verbenas. The original type of this race was the Verbena which we named "America," and of which we offered plants in 1885. We saved a little lot of seed from plants of the "America," which produced us the dozen or more varieties that we offered in our Spring Catalogue for '86.

The characteristics of these Verbenas are that, when well-grown, each flower is over nine inches in circumference, while the single florets are as large as a 25-cent piece. This great improvement in size is certain to increase the popularity of the Verbena as a summer bedding plant. It only remains for us to add that we find this new Mammoth strain blooms just as freely as any of the older varieties, with which all are familiar, and it is much more vigorous in growth. Each 25 cents; the set of fifteen varieties for \$2.50.

GENERAL COLLECTION.

ABUTILLONS.

The Abutilons are fine garden plants, always in bloom, and are an excellent house plant, fine for winter flowers.

Laura Powell.—Flowers yellow.

Purity.—White.

Lustrous.—Red, veined crimson. 25 cents.

Diadem.—Crimson.

Rosetta.—Rose, veined pink.

Purpurea.—Purplish crimson.

Masapotanicum.—Creeping habit. Flowers yellow and red.

Duc de Malakoff.—Crimson, veined maroon.

Duc de Malakoff.—Variegated foliage, same as Thompsoni.

Ed Legeillon.—Dwarf habit. Flowers clear yellow.

Ella Ambler.—Large flower, after the style of Santant, but more open; orange yellow, veined red; extra free bloomer; an excellent pot plant.

Snow Storm.—Flowers pure white.

Royal Scarlet.—A fine novelty of dwarf branching habit, extremely floriferous. The flowers are of a waxy texture and appearance, and a brilliant fiery scarlet color, both as regards its habit and splendid coloring. This will prove a valuable acquisition.

25 cents each.

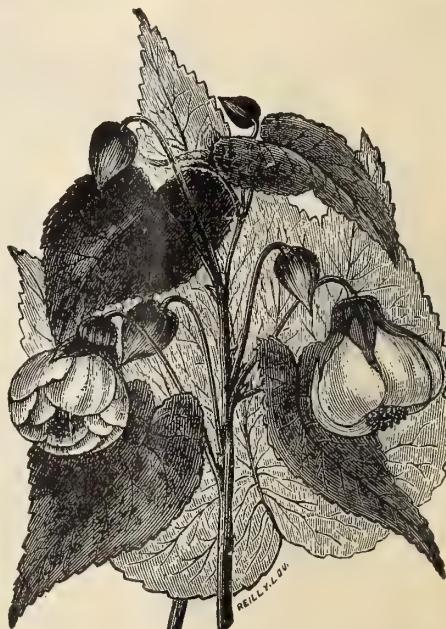

THOMPSONI PLENA.

Thompsoni Plena.—It originated in a "sport" from Thompsoni variegata, and it still retains the beautifully mottled yellow and green foliage of that variety, but with perfectly double flowers that resemble in form a *double* Hollyhock; color rich, deep orange, shaded and streaked with crimson.

15 cents each.

Rosefolium.—Flowers, rosy pink, shaded and veined with a richer tint; a novel and very attractive color. This variety has the dwarf, free-blooming habit of Boule de Neige, which it also resembles in the size and shape of its flowers. A profuse and continuous bloomer, making an excellent bedder as well as a splendid pot plant.

Etandard.—Distinct flowers, large and spreading; borne in clusters, light crimson in color, very free.

ABUTILLON.—Boule de Neige.

Boule de Neige.—Recently introduced; of compact, branching growth, with dark-green foliage and large pure white bell-shaped flowers, which are pro-

duced freely, even on small plants; good for garden, and one of the very best winter-blooming plants.

Pluton.—Deep red, with darker veinings; of fine shrubby form.

Masapotanum Variegatum.—Foliage variegated; drooping habit; fine for baskets or vases; holds its color in the sun.

Emblem.—A fine winter bloomer; flowers small, oblong; red and orange; plant is of climbing habit.

Arthur Belchem.—Large, dark crimson flowers. 10 cents each, except where noted.

ASPIDISTRIA ELATOR VARIEGATA.

A desirable variegated-leaved plant, for baskets, ferneries, etc. 50 cents each.

ACHYROCLINE SANDERSONII.

New dwarf, silver foliage, resembling box edging; fine. 15 cents each; \$1.00 per dozen.

ANTIRRHINUM, DOUBLE, OMEGO.

The single varieties are valued for their showy appearance in the summer months. The new double is as attractive in color and profusion of flowers, and being double, is more useful for bouquets. Color rich dark crimson, tipped and mottled gold and white. 25 cents each.

AGERATUM, WHITE CAP.

In this we have a variety with the same strong, compact habit as the blue bedding varieties, with flowers of the purest white. All white Ageratums heretofore have been of little value, from their straggling style of growth. 10 cents each.

AGERATUM, COPE'S GEM.

Deep, rich, porcelain blue, growing only nine or ten inches in height, making a most suitable plant for a front line of blue, or for massing in beds. 10 cents each.

ASCLEPIAS LINIFOLIA ALBA.

A greenhouse herbaceous plant, bearing umbels of pure white flowers during the entire summer, when planted out. 10 cents.

AGATHEA CELESTIS—"BLUE DAISY."

The flowers are daisy-shaped, of a delicate light blue, with a yellow disc. It blooms in great profusion from November to April, and makes a novel and pleasing feature in any collection of plants. 10 cents each.

ACALYPHA TRI-COLOR.

A handsome foliage plant for the conservatory; leaves are irregular, mottled, blotched and scarlet. Price, 15 cents.

ACORUS VARIEGATA.

A pretty little plant, with long narrow leaves, banded their entire length with bright yellow, very useful for ferneries, baskets, etc. 10 cents.

ACHANIA MALVAVISCUS, or UPRIGHT FUCHSIA.

Achania Malvaviscus, or Upright Fuchsia.

Splendid for bedding or pot culture. Flowers scarlet; free bloomer. 10 to 50 cents each.

Agapanthus Umbellatus, or African Blue Lily.—A noble plant, belonging to the bulbous rooted section, with evergreen foliage; a large plant. With good treatment will send up a flower stalk three feet high, crowned with twenty or thirty heads of flowers, which will come into blossom in succession. 50 cents to \$2.00 each.

ANTHERICUM PICTURATUM.

Without doubt, one of the handsomest foliage plants ever introduced, in growth equal to *A. Vitatum*; the variegation is entirely distinct, having a rich creamy white band three-quarters of an inch wide running through the center of each leaf, margined on each side with rich deep green. 25 cents each.

ANTHERICUM VITATUM VARIEGATUM.

This is certainly one of the most useful plants for ornamental purposes. It is a greenhouse plant, with recurved foliage. The leaves are dark green, beautifully marked with broad stripes and bands of pure

white. It produces long spikes of star-shaped flowers, which are very effective. The habit and style of the plant resemble the *Pandanus Veitchii*. Fine for centre of baskets and vases. 15 to 25 cents each.

ACHYRANTHUS.

Well known bedding plants. Fine for mixing with white foliage plants, the red contrasting with the white.

Colvilli.—This fine, new Achyranthus is a good companion to *Emersonii*; leaves yellow and green, with high-colored stems.

Mrs. Town.—Color of leaf yellow and green, blotted red; fine for bedding or house plant.

Emersonii.—This new Achyranthus is bright and elegant looking; leaves violet red; clean red stems. Also excellent for bedding.

Versaffaltii.—Foliage and stems red. 10 cents each; \$1.00 per dozen.

ALTERANTHERAS.

Dwarf plants for edging or clumps, in sunny situations, varying in the richest tints of green, crimson, amber and orange.

Versicolor.—Foliage ovate, olive, crimson and chocolate. When used for edging they are frequently to be sheared like box-edging, when the young tips will assume the most brilliant hues.

Amabilis Tricolor.—Orange, crimson and dark green.

Parychoides Major.—Color, bright shade of carmine rose, which it retains from the first to last of the season.

Aurea Nana.—In this new variety we have a plant which grows compact and upright to a height of only four inches, and which becomes bright golden yellow at once, after being planted out, and retains its color right through the season.

Latifolia Superba.—Leaves heart-shaped, $1\frac{1}{2}$ inches wide, of a decided rich, warm orange, shaded with carmine.

10 cents each; 75 cents per dozen; \$5.00 per 100.

AMARILLIS.

AMARYLLIS JOHNSONII.

Large scarlet and white flowers. Throws up four flowers on each stem. Each bulb usually throws up two stems. \$1.00 each.

ALOYSIA CITRICORDA.

(Or Lemon Verbena.)

Delightfully fragrant; indispensable for bouquets. 10 cents each.

ASCLEPIA CURASAVIA.

A free-growing plant, flowering throughout the season, bearing showy trusses of orange and scarlet flowers. 20 cents each.

AMONIUM GRANDIMOMUM.

Dracenea-like foliage, fragrant, good for center of baskets, etc. 25 cents each.

BRUGMANSIA SUAVOLENS.

A magnificent plant, growing from four to six feet high, leaves large and velvety, flowers huge and trumpet-shaped and double, fragrant. They are often eight inches long, and from four to six inches across the mouth. Color white, tinged lemon, a profuse summer bloomer. 25 cents each.

AZALEAS.

Azaleas.—Too much cannot be said of this splendid and striking flower. During the flower season, which is April and May, the heads are covered with attractive and beautiful blooms, which vary from the most delicate white to brilliant rose and carmine, spotted and striped. They make every window or balcony a bower of bloom. \$1.00 to \$2.50 each.

BEGONIAS.

Varieties of taller growth grown for their flowers chiefly.

Semperflorens Rosea.—Same habit as the old Semperflorens, but flowers are white-edged pink.

Robusta.—After the style of Sandersoni, but flowers are rose-colored, and borne in great profusion.

Schmidtii.—Very dwarf, flowers white, and a splendid winter bloomer, foliage metallic green.

Marguerite.—A hybrid between Matelica and Schmidtii, grows round and bushy, light rose-colored flowers.

Knowlesanna.—In this new Begonia we have a fine acquisition. Flowers are light pink, leaves long and narrow, makes a fine pot plant, with dwarf habit, belongs to the shrub class of Begonias.

Alba.—The Begonia Rubra probably gave greater satisfaction than any plant of its kind we ever sent out. The above is similar to the Rubra in habit and general appearance, but with pure white flowers.

Glaucocephylla Scandens.—Orange, salmon-colored flowers, fine for baskets, bloom in winter.

Feliosa.—An elegant dwarf, drooping species, adapted for growing in hanging baskets, with light pink flowers, produced in great abundance.

Subfeltata Nigrigans.—This new Begonia has a large and exceedingly ornamental leaf, of a rich bronzy color and of strong growth. The flowers are of bright pink, and freely produced during winter. This is worthy of a place in any collection. 25 cents.

Sandersonii.—Scarlet, very fine.

BEGONIA METALLICA.

Metallica.—The foliage is variously tinted with bronzy green, and the flowers are of a peculiar pale peach color. It is of easy culture, grows rapidly and blooms profusely.

Rosea.—The leaf and style of growth is the same as in Begonia Rubra, but the flowers are a lighter shade of red; a free bloomer.

Bruanti.—Foliage very bright green, flowers quite large, white, tinged with delicate pink, completely covering the whole plant.

Sanguinea.—Foliage red, with a deeper shade on under side of leaf; very attractive.

Vestisima.—A great improvement on B. Richarsonii, the same elegant cut leaf and free bloomer, flowers white.

Weltonensis.—Light pink, free bloomer.

Weltonensis Alba.—White, winter and summer bloomer.

Palmata.—Belongs to the large leaf varieties, makes an immense growth, with large palmetto leaves, good winter bloomer. 25 cents.

Micanata.—Flowers much used in floral work, as they are a fine, small, pinkish white bloom, and tone up white floral work to good advantage.

BEGONIA RUBRA.

Rubra.—This is one of the finest acquisitions to our winter flowering plants. The leaves are of the darkest green, the color of the flowers scarlet rose, glossy and wax-like.

Macrophyllum.—Another good winter bloomer, and very prolific in its habit of growth and bloom, flowers pink. 15 to 25 cents each.

Ornamental-Leaved Begonias—Rex Varieties.—Varieties of dwarf growth, grown chiefly for the beautiful foliage, though they have nice flowers. 25 to 50 cents each.

BOUWARDIAS.

For autumn and winter-blooming plants the Bouvardias are well known. They are of the easiest culture, giving rich-colored flowers in great profusion.

Bouvardia Liantha.—Dazzling scarlet.

Bouvardia Davidsoni.—The finest of the whites.

Bouvardia Elegans.—Scarlet carmine.

President Garfield.—Double pink.

Alfred Nauner.—Double white. 20 cents each.

Basket Plants.

The plants named in the list which follows, are well adapted for hanging baskets. They are all plants of easy growth, and are admired as much for their variegation of coloring of foliage as for their drooping habit.

DROOPING PLANTS.

Crassula Spatulata.—10 cents each.

Mesembryanthemum.—In four sorts. 15 cents each.

Senico Macroglossus.—10 cents each.

Smilax.—10 to 25 cents each.

Vineas.—In three sorts. 10 to 25 cents each.

Polygonum Reflexum.—20 to 30 cents each.

Parlor Ivy.—Fast grower. 10 cents each.

Panicum Variegatum.—A variegated grass. Leaves green, white and rose. 10 cents each.

Lobelias.—10 cents each.

Linaria Cymbalaria.—Kenilworth Ivy. 10 cents each.

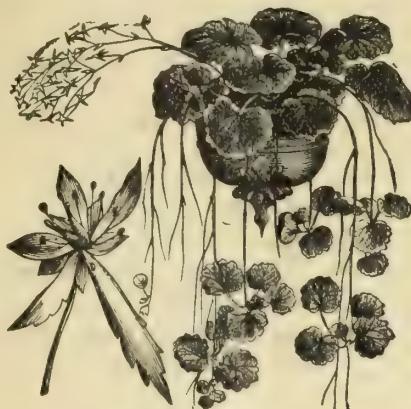

Lysimachia Nummel Aria.—Moneywort. 10 cents each.

Maurandias.—10 cents each.

Mahernia Odorata.—Fragrant yellow flowers. 20 cents each.

MAHERNIA ODORATA.

SAXIFRAGA SARMENTOSA.

Saxifraga Sarmentosa.—Strawberry Geranium. 10 cents each.

Tradescantia Zebrina.—10 cents each.

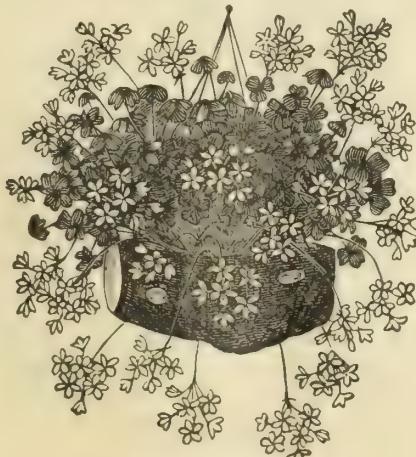

Tradescantia Viridis.—10 cents each.

Tradescantia Reptens Vittia.—New; sometimes leaves all white and half white, and the other half of the leaf green. Beautiful. 10 cents each.

Sweet Alyssum.—Variegated foliage. 20 cents each.

Ivys.—Of all sorts. 20 to 50 cents each.

Othonna Crassifolia.—Round leaves; fine for baskets. 10 cents each.

HANGING BASKET OF OXALIS.

Oxalis.—Pink and white.

Purchaser's selection of sorts, per dozen, \$1.00; my selection, 14 for \$1.00.

CHÆONSTEMMA HYPIDIA.

The most remarkable and continuous free flowering plant we have ever seen; the flowers are star-shaped, pure white, about a quarter of an inch in diameter, covering at all times the whole plant. 10 c. each.

CRAPE MYRTLE.

CRAPE MYRTLE.

Largerstræmia India.—Old, well-known variety; pink flowers; splendid for bedding; a mass of bloom all summer. 25 to 50 cents each.

Cobea Scandens.—Var.; a fine summer climber; habit of growth same as the well known Cobea Scandens, but with leaves variegated white and green. 25 cents each.

CUPHEA PLATYCENTRA, OR CIGAR PLANTS.

The tube of the flower is scarlet, with the end part white and crimson, having somewhat the appearance of a miniature lighted cigar. 10 to 25 cents each.

CUPHEA HYSSOPIFOLIA.

A neat little flowering plant, growing but 12 inches high, which, like all the members of this family, are always in bloom. Flowers of a purplish, lilac color. 20 cents each.

CORAL PLANT.—(*Erythrina Hendersonii.*)

The great beauty of this plant cannot be told by a description. If set out in the open ground in spring it blooms without intermission all summer. The flowers are large and brilliant, dark crimson in color, and fairly cover the plant when in bloom. The old "Coral Plant," *Erythrina C. Galli*, only flowers well when two or three years old, but this acquisition is grand the first season. 25 cents each.

CYPERUS ALTERNIFOLIUS.

A handsome foliage plant, forming a mass of reedy stems; of the easiest culture; also very desirable as aquarium plants. 25 to 50 cents each.

Cyperous Alternifolius.—Variegated, 50 cents each.

CROTONS.

A class of tropical shrubbery plants, attaining a height of from one to six feet, with unequalled beauty of foliage. No plant is now more valued for room decoration or for massing in the open border in summer. 50 cents each.

CYCLAMEN PERSICUM.

CYCLAMEN PERSICUM.

Few plants are more showy than the Cyclamen, blooming in the winter and early spring, the flowers being singular in shape, of various color, with beautiful foliage. 25 to 50 cents each.

COLEUS.

All will admit the serviceable character of the Coleus for bedding and decorative purposes, where colored leaved plants are desired. Their element is rich soil and plenty of water. They can be cut into any shape or grown to any size.

10 cents each ; \$1.00 per dozen. My selection, 75 cents per dozen ; \$5.00 per hundred.

Payne's Seedling.—Bronzy red, golden margin, fringed edged ; fine.

Verschaffeltii.—Rich bronzy red.

Miss Retta Kirkpatrick.—Large white centre ; shaded with yellow ; broad green-lobed margin ; large foliage.

Speciosa.—Green, with broad yellowish-white central bar, resembling Hydrangea Speciosa.

Blackbird.—Very dark maroon foliage.

Kirk Alloway.—Deep violet suffused with carmine and rose.

Mrs. Geddes.—Foliage large, variegated carmine, pink and green.

Mrs. Humphries.—Large, claret veined with yellow.

Progress.—Ground color deep green, specked with yellow, crimson, dark purple and black.

President Garfield.—Very large foliage, chocolate, carmine and maroon.

Queen of the Lawn.—Dazzling carmine, rimmed with velvety maroon.

Ruby.—Dark maroon, center dark rose color, beautifully fringed edges.

Golden Bedder.—Yellow leaf ; extra.

Fire Brand.—Dark leaf ; showy.

Ne Plus Ultra.—Tri-color.

Mrs. T. C. Ingraham.—Pink, green, etc.

Her Majesty.—Dark crimson, edged maroon.

Royal.—Edged red and green, pink center.

Blaze.—Flaring crimson, marked pink, maroon and violet.

Paraquette.—Curiously mottled and splashed, yellow and crimson.

Corsair.—Dark velvety, crimson edged, maroon.

Priscilla.—Serrated, green leaf marked in center, creamy white under side of leaf, violet pink.

Joseph's Coat.—Dark bronze and crimson, often mottled pink.

Countess.—Yellow center, edged green, mottled crimson and bronze.

Mamie Brook.—Carmine and maroon.

Little Pet.—Splashed bronze ; green, pink and yellow.

Aileen.—Maroon, bright pink center.

Royal Mantel.—Light brick red, fringed with golden edge, sometimes shaded pink.

Emerald.—Light yellow shaded green, veined and mottled bronze.

Beauty of St. John Wood.—Velvety crimson, edged yellow.

Gold Pheasant.—Tricolor variety; golden.

Striking.—Pink, green and bronzy red.

Midnight.—Very dark leaves, having a velvety appearance.

Oriole.—Golden tricolor; fine bedding variety.

Count Cavour.—Very dwarf habit; leaves crimson, carmine and green; very bright.

CALLA VARIEGATA.

Richardia Alba Maculata.—A distinct variety, with spotted leaves, narrow and not so long as the common Calla; the flowers are creamy white with purple blotch in center; the plant grows only in the summer, and can be stored in a cellar for winter. 25 cents each.

CALADIUM BATAVENSIS.

A little smaller in growth than Esculentum, but makes a nice contrast, as stems are of a dark color, and makes a very showy plant. 25 cents to 50 cents each.

COCOLOBIA PTATYCENTRIA.

Curious fern-like foliage ; fine when grown as a single plant in a large pot ; also good for baskets. 20 cents each.

CALLA ETHIOPICA.

CALLA ETHIOPICA.

A favorite old plant for house culture, with large leaves and trumpet-shaped flowers. 10 to 50 cents each.

CALLADIUM ESCULENTIUM.

COLOCASIA,

or Calladium Esculentum.

One of the most beautiful and striking of the ornamental foliage plants in cultivation, either for culture in large pots or planting on the lawn. It will grow in any good garden soil; of the easiest culture. It stands about four feet high, with immense leaves, very smooth, and of a light green color. The roots should be preserved in dry dirt or sand, in the cellar, out of the reach of frost. 25 cents to 50 cents each.

CANNA INDICA.

In variety. In this ornamental class of foliage plants the foliage is large, beautifully shaped, with various bronzy tints, as well as the richly-colored flowers, of more than double the size of the old varieties. The roots can easily be wintered in a dry cellar. Good tubers. 15 cents each, \$1.00 per dozen.

Princess de Neice.—Tall, green leaves, golden yellow flowers

Marechal Vaillant—Dark, bronzy foliage; flowers orange red.

Prince Imperial.—Dwarf growing variety; flowers crimson scarlet.

CALYCANTHUS.

The Calycanthus, or Spice Shrub, as it is often called, is one of the sweetest of our hard-wood shrubs. The leaves are slightly fragrant, the bark and flowers exceedingly spicy. The plant makes a bush several feet in height, is hard-wooded, the leaves large, and the flowers abundant, and of a brownish or cinnamon color. Plants, 30 cents each; large plants, 50 cents each

CYPRIPPENDIUM INSIGNIS.

An easily cultivated Orchid. \$1.00 each.

CURGULIGO RECURVATA.

Palm-like foliage plant. 25 cents to \$2.00 each.

CERUS GRANDIFLORA.

Cactus.—Night blooming, in four varieties; the best in the Cerus Grandiflora. (See cut.) 25 to 50 cents each.

CESTRUM PARQUI.—Night Blooming Jasmine.

A plant of strong, shrubby growth, with deep green, glossy leaves, and small greenish-white blossoms, with a delightful odor, which is dispensed freely during the night only; of easy cultivation. 25 cents each.

PARIS DAISY.

CHRYSANTHEMUM FRUTESCENS.

"Paris Daisy."—This is the "Marguerite" of the Paris markets, the flowers of which are now somewhat fashionable in New York during the winter. Flowers much resemble the common field daisy—a white ray of petals with a yellow disc. 10 cents to 25 cents each.

CARNATIONS.

Remontant, or Monthly Carnations.—Very desirable for the free blooming qualities during the winter and early spring months. Young plants set out in the garden will bloom profusely during the summer months, and if lifted and potted in the fall, will continue blooming the entire winter.

Mrs. W. A. Harris.—A very large, finely-shaped, delicately-colored flower; ground color white, marbled with rich, rosy pink; very sweet-scented, and of good habit.

Scarlet Gem.—A fine variety; flowers finely fringed; color, dazzling scarlet; a most profuse bloomer. One of the finest Scarlet carnations yet produced.

James Madison.—Variegated, light yellow and pink; good winter bloomer.

E. G. Hill.—A magnificent sort, of strong, healthy growth. Flowers very large, beautifully fringed and absolutely perfect in form. The calyx never splits, and the flowers are all produced single on long, stiff stems, making it a valuable sort for cut-flower purposes. The color is an intense, deep, crimson scarlet. 15 cents each.

Columbia.—A grand variety, entirely distinct from any Carnation with which we are acquainted. The flowers are of most perfect shape, nearly all on long stems, and never burst down the side. The color is deep buff, shaded with orange, faintly flaked and striped with carmine; the petals are deeply fringed; strongly clove-scented. 15 cents each.

Springfield.—Flowers very large, of the deepest, pure carmine shade, finely-serrated edges; a continuous bloomer.

SUNRISE.

Sunrise.—An entirely distinct color, orange ground, striped crimson; flowers full, double, fringed and of rich clove fragrance; unsurpassed by any variety in its profusion of bloom, and of a strong, vigorous, healthy growth, hitherto unknown in the yellow or orange colors. 15 cents each.

Fairy Princess.—Very large flowers, pure white, penciled with fine lines of rich purple crimson, on long stems; very free-flowering.

Miranda.—Richest plum crimson, finely-shaped, on long stems; remarkably free-flowering; a valuable addition in its deep, rich coloring.

M. S. Britmeyer.—Flowers are of the same shade as Miss Joliffe, only they are a larger plant, more vigorous in growth.

Ferdinand Mangold.—Large-size, perfect-formed flower, color dark crimson, shaded maroon. 15 cents each.

Snowden.—Dwarf; flower white; has no equal for winter bloom.

Mrs. F. Mangold.—Rich and chaste in coloring, being a pure tone of soft salmon color; distinct from Miss Joliffe, with large flowers; fine habit and free.

Hinzies White.—A fine white bloomer; flower white, under glass; bedded out of a French white color.

Beauty.—Scarlet and white bloom, free grower.

Pres. De Graw.—White, very floriferous.

La Purit.—Carmine, free-flowering.

Astoria.—Buff-striped scarlet.

Diadem.—Creamy yellow, flaked pink.

Miss Joliffe.—Is of an entirely new color, a rich shade of blush, deepening into rose.

10 cents each, \$1.00 per dozen, except where noted. My selection, per dozen, 75 cents.

CINERARI MARITIMA.

A white-foliaged plant, somewhat similar to the *Centaurea*, but with leaves deeply cut and a more vigorous growth. It is commonly known as "Dusty Miller," and is used extensively in ribbons, lines, massing, etc., for contrasting with dark-leaved foliage plants. 10 cents each, 75 cents per dozen.

CENTAUREA CANDIDA.

A valuable plant to contrast with *Coleus*. Leaves white, forming a neat, compact bush. Massed either with *Coleus* or *Achyranthus*, or both, it produces a most pleasing effect. 10 cents each, \$1.00 per dozen.

CENTAUREA GYMNOCARPA.

Attains a diameter of two feet, forming a graceful, rounded bush of silver gray, for which nothing is so well fitted to contrast in ribbon lines with dark-foliage plants. As a plant for hanging baskets it is also unsurpassed, its drooping, fern-like leaves being very effective. 10 cents each, \$1.00 per dozen.

CORENILLA GLUCEA.

A neat-growing greenhouse shrub of easy culture; blooms in the spring; flowers yellow. 25 cents each.

CORENILLA GLUCEA, VAR.

Foliage finely variegated; same splendid bushy habit as the plain-leaved variety; flower yellow; one of the handsomest shrubs for house culture or garden. Each 25 cents to \$1.00.

CAPE JASMINE.

Grand Duke.—Shrubby plants, with double white flowers, delightfully fragrant. 25 cents to \$1.00 each.

Grandiflorum.—Flowers white; a good grower and bloomer; makes a fine vine for the house. 25 cents.

Revolution.—Another good-growing *Jasmine* vine; flowers yellow; very sweet. 25 cents each.

DIANTHUS QUERTERI.

German Pink.—This beautiful pink is yet very scarce. Few plants we cultivate possess so many points of excellence. It grows to the height of a foot; flowers rich, purplish crimson, two inches in diameter, double, and well formed. It blooms without intermission from June to January, and it is an exceedingly useful plant for bouquets. 10 cents each, \$1.00 per dozen.

FICUS ELASTICA.

India Rubber Plant.—A fine old plant, which is becoming very popular, not only in the greenhouses, but as a decorative plant for the drawing-room or flower-garden. Its thick, leathery leaves make it especially valuable in consequence of doing perfectly well in the dry air of inhabited rooms.

50 cents to \$1.00 each.

EULALIA—JAPONICA ZABRINA.

Zebra Grass.—The marking of this interesting ornamental grass is across the leaf, instead of longitudinally, giving it a very peculiar and novel appearance. It grows to a large size, and makes an exceedingly handsome garden and lawn plant. 25 cents each.

EUCHARIS AMAZONICA.

EUCHARIS AMAZONICA.

A choice stove and greenhouse bulbous plant, producing its lovely, pure white, star-shaped flowers in profusion. Flowers three to four inches in diameter, and delightfully fragrant. Small bulbs 35 cents each, large bulbs 75 cents.

EUPHORBIA SPLENDENS.

A thorny plant resembling a cactus, blooming freely during winter and spring; flowers scarlet. 25 to 50 cents each.

EUPHORBIA POINSETTIA.

Stocks tipped with clusters of bright scarlet leaves. 25 cents each.

EUPHORBIA JACQUINIFLORA.

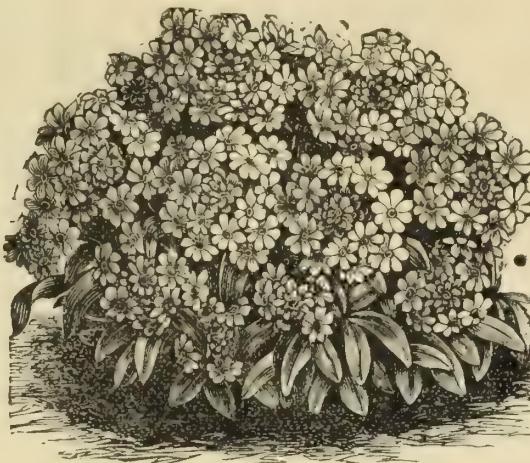

Well-known hothouse plant, flowering in mid-winter; flowers scarlet. 25 cents each.

EUPATORIUM.

Thriste.—One of the most valuable of white winter-flowering plants, recently introduced, of tall habit, and remaining a long time in flower. 20 cents each.

FEVERFEW, DOUBLE.

A well-known double, daisy-like flower, blooming freely throughout the season. 10 cents each.

FORGET-ME-NOT.

FORGET-ME-NOT.

Neat, low-growing plants, flowers light blue, much sought after and always in demand. Needs shade in summer. Will live out if well protected. 10 cents each.

NEW DWARF FEVERFEW.

"Little Gem."—The great value of the old Dwarf Feverfew for cut flowers during the summer and fall, is well-known to florists and others. The flowers are larger, of more perfect form and of the purest white. We had a number of fine plants in our greenhouses last fall, grown in pots, which were covered with flowers, while the plants were only eight inches high from the top of the pots. 10 cents each.

FARFUGIUM GRANDE.

Showy leaves of dark, glossy green, with numerous blotches; very ornamental; excellent plant for ferneries. 25 cents each.

Ferns in Variety.

Ferns cannot be dispensed with, in parlor or conservatory decoration. By careful management they add much to the beauty of an apartment. The following is a list of easy-growing varieties, suitable for ferneries, or wardian cases, baskets, etc.:

Pteris Serulata Crispata.—Tips of fronds elegantly crisped. 25 cents.

Adiantum Pubescens.—Easiest to grow of the Maiden Hair Ferns; bushy plants. 25 to 50 cents each.

Scolopodium Officinale.—An easy growing Fern. Fronds $\frac{1}{2}$ to 1 inch broad and 6 to 12 inches

long. Makes a fine decorative plant. 25 to 50 cents each.

Asplenium Bulbifolium.—This Fern is always attractive; attains a height of two feet. Fronds elegantly cut. 25 to 50 cents each.

Adiantum Cunatum.—25 to 50 cents each.

Pteris Argyrea.—Variegated Ferns. 25 cents to \$1.00 each.

Pteris Cretica Albo Lineata.—25 cents to \$1.00 each.

Pteris Tremula.—25 cents to \$1.00 each.

Pteris Serulata.—25 to 50 cents each.

Cappellis Verneris.—True Maiden Hair Fern. 20 to 50 cents each.

Nephrodium Exaltatum, or Sword Fern.—25 cents to \$2.00 each.

Blechnum Blandibosum.—25 cents each.

Adiantum Grasillenium.—Fine fronds. 25 cents to 50 cents each.

Twelve Ferns, my selection, \$1.50.

FICUS RIPENS.

A small creeper; splendid for ferneries. 20 cents each.

FUCHSIAS.

The Fuchsias, or Lady's Ear Drop, constitute one of the most graceful tribe of plants. They all require a shady situation during the summer months. The following have been selected and retained out of many varieties, as the best. Young, thrifty plants, 10 cents each; large, 25 cents. Those marked (*) are double.

Marginata.—Sepals white, corolla pink.

Carl Halt.—White sepals, white and red corolla.

***Elm City.**—Crimson sepals, fine dark purple corolla.

***Joseph Roasin.**—Very large, scarlet tube and sepals, corolla violet.

***New Mestadonet.**—Very large, purple corolla.

***Depute Berlet.**—Flowers large, corolla violet, with metallic shading, tube and petals bright red.

Mrs. Marshall.—Blush white tube and sepals, light purple corolla.

***M'me Van Der Strass.**—Fine, large and elegantly formed flowers, sepals long and beautifully reflexed and of a pure red color, corolla large and double pure white with base of petals tinged rose color; very beautiful.

Charming.—Corolla white, sepals purple; early and free bloomer.

Penelope.—Flowers single, sometimes half double, corolla pure white, very large and long and of the most beautiful form, sepals reflexed and of a lively red color. An exceedingly early and continuous bloomer. By far the best single white we have seen.

Flocon de Nieve.—Flowers single, large bell-shaped corolla, sepals clear carmine, corolla creamy white. Plant of extra fine habit; an early and free bloomer.

Berquin.—Tube long and of a flesh color, sepals orange vermillion, corolla carmine.

Beauty of Swanley.—Tube and sepals white; corolla deep rose. Extra early bloomer.

Lustre.—Vermillion corolla, white sepals. Very early bloomer.

***Tower of London.**—Carmine scarlet tube and sepals, the latter well reflexed; very large violet-blue corolla. Very fine.

Speciosa.—Orange carmine. Very free.

Little Alice.—Corolla white, bright scarlet sepals.

Black Prince.—Tube and sepals waxy carmine; pink corolla.

Striped Banner.—Corolla striped purple and rose; sepals rosy scarlet.

***Elizabeth Marshall.**—Very dwarf; flowers double; white; and very free bloomer. One of the best.

Chas. Blanc.—Flowers single, rosy, light pink tube and sepal; corolla rich amaranth; fine variety for out of doors.

***Jeannie D' Are.**—Habit dwarf, and branch vigorous, entirely covered with large double flowers; tube and sepals bright scarlet; corolla purest white.

Mrs. G. Rundle.—A much improved Earl of Beaconsfield; tube and sepals blush-white; corolla, rich orange.

GLADIOLUS.

These beautiful flowers are indispensable in every garden. They are in full bloom from the middle of summer until frost; fine mixed. Shades of red, 5 cents each; 50 cents per dozen. Shades of light pink and striped, 10 cents each; \$1.00 per dozen. Shades of yellow, 15 cents each; \$1.50 per dozen.

Geraniums.

We have many Geraniums in double and single, not mentioned in this list.

The Geranium is one of the most popular of our bedding plants, as they are constantly in bloom, and stand a good deal of neglect. The second and third size we offer, can only be sent by Express, as they are in three and four inch pots.

DOUBLE GERANIUMS.

Attraction.—Pink, shaded lilac.

Asa Gray.—Salmon.

Blanch de la Rue.—White.

Blanchon.—Double white.

Charles Darwin.—Solferino; upper petals shaded violet.

La Pilot.—Scarlet.

Geo. Thorpe.—Scarlet.

Crimson Velvet.—Deep velvety crimson; extra fine.

Chancellor.—Velvety crimson-scarlet.

Cheerfulness.—Flesh pink.

Dr. Andre.—Dark pink.

Dr. Phiney.—Intense deep scarlet.

Emile de Girarden.—Deep pink.

Earnest Lauth.—Crimson, shaded to scarlet.

Effective.—Bright scarlet.

Emily Lemoine.—Scarlet, shaded deep-crimson.

Fox Hunter.—Crimson scarlet.

F. P. Raspil.—Dazzling scarlet.

Gilded Gold.—Rich orange scarlet.

Henry Cannell.—Orange scarlet.

Hoff Bach.—Amaranth purple.

John Heron.—Plum purple flowers.

James Vick.—Deep flesh, shaded bronze.

J. P. Kirkland.—Rosy red.

La Orange.

La Constitution.—Light salmon.

La Niagara.—White.

Lemoines Cannell.—Deep purple; suffused crimson and red.

Mrs Cope.—Carmine Red.
Melrose.—Soft rosy scarlet.
Mrs. Charles Pease.—Deep pink.
Mons. Dallier.—Large truss, scarlet bloom.
Mrs. E. G. Hill.—Blush.
Mad. A. Baltat.—White.
Mad. Wick.—Light Pink.
Maggie Hallock.—Deep pink, shaded rose.
M. Martha.—Deep pink.
Mons. Buehler.—Purplish crimson.
Mons. Lowige.—Vermillion scarlet.
Pocahontas.—Large truss, deep pink flowers.
Pres. Leon Simeon.—Orange red.
Queen of the Fairies.—Rich flesh color, mottled with pearly white.
Rep. Bandin.—Velvety crimson.
Richard Brett.—Scarlet.
Sunlight.—Rosy Salmon.
W. E. Gladstone.—Orange red.
William Hamilton.—Dark scarlet; very fine.
 1st size, each 10c.; per doz. \$1.00; per 100 \$ 7.00.
 2d size, each 15c.; per doz. 1.50; per 100 11.00.
 3d size, each 20c.; per doz. 2.00; per 100 15.00.
 My selection, 15 for \$1.00.

SINGLE GERANIUMS.

Atkinson.—Deep crimson.
Black Prinee.—Dark scarlet; very fine bloomer; large truss.
Col. Holden.—Light crimson.
Dazzler.—Scarlet, white eye.
Grant.—Large scarlet truss.
G. W. Earle.—Pink, white eye.
Glow.—Deep scarlet.
Jasper.—Salmon.
Kate Patterson.—Orange scarlet.
Lord Balfour.—Dark scarlet.
Mary.—Pink; rapid grower.
Mazeppa.—Deep scarlet; white eye.
New Life.—Scarlet, white-striped; not constant.
Nellie Lewers.—Rosa magenta.
Pauline Lucea.—White; stands the sun; a good bedder.
Queen of the West.—Orange scarlet.
Ralph.—Maroon red.
Streak of Luck.—Salmon, sometimes streaked white.
Snow Flake.—White.
Salmon Beauty.—Salmon.
Mrs. Hamilton.—Pink.
White Perfection.—White.
W. C. Bryant.—Scarlet.
 1st size, each 10c.; per doz. \$1.00; per 100 \$ 7.00.
 2d size, each 15c.; per doz. 1.50; per 100 11.00.
 3d size, each 20c.; per doz. 2.00; per 100 15.00.
 My selection, 15 for \$1.00.

VARIEGATED GERANIUMS.

Tri-colors, golded-bronze and silver-edged. 10 cents each, except when noted.

Chieftain.—Fine, shows foliage, having a golden disc, surrounded by a wide bronze zone.

Cloth of Gold.—One worthy any collection; leaves golden yellow with green ground. 20 cents each.

Happy Thought.—A fine novelty and No. 1 house plant; leaves dark green and creamy yellow disc.

Golden Circle.—Leaf green, with narrow golden edge; strong grower; stands the sun, and is a good bloomer.

General McMahon.—Large, round, fine golden yellow; bronze, broad scarlet zone.

Goliah.—One of the best of the silver tri-colors; strong grower; extra.

Fanny.—Is a bronze zonale, a large well-formed flower of a deep salmon color; good truss; very free bloomer.

Mangelleseii.—Leaves white-green; stands the sun well.

Mrs. Pollock.—One of the most beautiful and well known of the tri-colors, bronzy scarlet zone; golden edge; still one of the best. 25 cents each.

Beauty of Caulderdale.—Foliage golden bronze; flowers scarlet.

Pride of Mt. Hope.—Foliage light bronze; flowers salmon.

Prince Bismarek.—The best, hardiest and showiest of all the bronze geraniums.

Perillia.—Golden bronze foliage.

Mount of Snow.—Silver edge; strong grower. One of the best silver-leaved geraniums; flowers scarlet.

Snow Storm.—Leaves edged white.

IVY GERANIUM—Single Flowering.

Elegante.—Leaves edged creamy white; extra fine. 25 cents each.

Countess Horace de Choisel.—Habit creeping, flowers rich rosy pink.

Vicountess Cransbrook.—Pure white.

Anna Pfitzer.—Semi-double, clear rose.

IVY LEAF GERANIUM—Double Flowering.

Glorie de Orleans.—A remarkably free flowering variety, blooming constantly; large trusses of from six to eight flowers; very full; color, violet, raspberry red; extra fine.

Jeanne D'Are.—Flowers very large and double, of the purest white; fine habit, free flowering, distinct and fine. This is the best of all Ivy-Leaved Geraniums. 25 cents.

La Rosiere.—Flowers of the most perfect shape, double, and of good size; color rich, deep satin rose, with silvery shading.

Congo.—Large and compact truss; flowers round and very double; good form; beautiful rosy lilac.

De Brazza.—Good sized truss; large circular flower, very double; rose color, of a deeper shade in the center. 10 cents each, except noted.

HYBRID, BEDDING AND SCENTED-LEAVED GERANIUMS.

Fernifolia.—Fern leaf, rose scented.

Dr. Livingstone.—Cut leaf, rose, finely scented.

Rose Scented.—Large leaf.

Nutmeg Scented.

Lemon Scented.—Popular with everybody.

Apple Scented.—25 cents each.

Shrubland Pet.—Walnut scented.

Oak Leaved.—Two varieties.

10 to 25 cents each, except where noted.

SCENTED LEAF GERANIUM.—Mrs. Taylor.

SCENTED LEAF GERANIUM.

Mrs. Taylor.—Rose leaf; flowers scarlet; good bedding plant, blooms all the time. 20 cents each.

HELIANTHUS MULTIFLORUS PLENUM.

The "Oscar Wild Sunflower."—A grand, hardy plant, with beautiful golden yellow flowers, which are double and round as a ball. 15 cents each.

HIBISCUS.

These splendid green-house shrubs are deserving of universal cultivation, both for their handsome, glossy foliage and their gorgeous flowers. They succeed admirably bedded out, and bloom freely through the summer. Plant when all danger of frost is past.

COOPERII TRI-COLOR.

Cooperii, Tri-Color.—Foliage beautifully variegated, dark green, pink and white; flowers crimson. 25 to 50 cents each.

Splendens.—Large, single, crimson-scarlet flowers of fine form and substance; very free flowering. 25 cents each.

Splendens, Fl. Pl.—Double, scarlet-crimson flowers; very showy; free bloomer. 25 cents each.

Meniatus Semi-Plenus.—Flowers large, semi-double, brilliant and attractive; the petals waved and recurved. Color, bright vermillion-scarlet, darker towards the center. 25 cents each.

Rosie Sinensis.—Flowers yellow; blooms as free as the red variety. 25 cents each.

Zebrina.—Flowers red and white. 25 cents each.

Cruentus.—Deep blood-red; shaded crimson and of elegant form; large and double. 25 cents each.

Fulgidus.—Flowers single, very large, of intense carmine color, paler towards the base, where, on each petal is an oblong blotch of deep crimson. 25 cents each.

Rubra.—A magnificent double variety; large red flowers.

Versicolor.—Very large, single flowers, striped, crimson, rose and white.

HELIOTROPE.

A favorite, free flowering and fragrant tribe of plants, equally good as summer bedding plants, or for pots in the house during winter.

Swanley Giant.—In this we have an entirely new color, the color being what might be termed a carmine rose. The size of the truss is immense, and of the most exquisite flavor. 15 cents.

President Garfield.—Light purple flowers ; of good branching habit ; a No. 1 winter bloomer, as well as summer ; nice variety for pot culture.

Louis Napoleon.—Of dwarf growth; flowers dark, sweet-scented ; a great bedding variety.

Snow Wreath.—White dwarf.

Mad. Shultz.—Lilac.

Etoile De Marsailles.—Dark bluish purple.

Jersey Beauty.—Fine blue variety.

Mad. Lewington.—Dark purple.

B. Pitzer.—Rosy purple ; best for winter.

10 to 20 cents each ; \$1.00 to \$1.50 per dozen.

HYDRANGEAS.

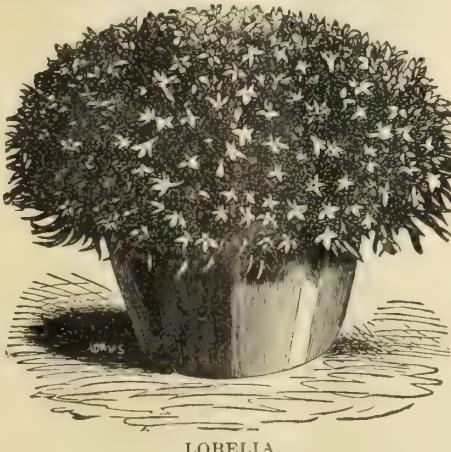

Shrubby plants ; some entirely hardy, the others nearly so. The flowers are borne in enormous heads, which remain in perfection several weeks, so that the plant is highly ornamental during nearly the entire summer and fall. They can be wintered in the cellar, or will generally stand out if slightly protected. 25 cents each.

Hortensia.—Large heads of flowers, which open white and turn to a deep pink ; beautiful. An old favorite.

Thomas Hogg.—Immense heads of pure white flowers. A comparatively new plant, introduced from Japan ; very valuable and beautiful acquisition.

JUSTITIA ELONGATA.

A free-growing hot-house plant, suited for bedding out ; flowers freely through the summer. 20 cents each.

LOBELIA.

LOBELIAS.

Neat and extremely floriferous plants. Used for edging hanging baskets, vases, etc. 10 cents each.

Lobelia, Swanley's White.—This is a pure white lobelia of great merit ; plant of good form and habit.

Lobelia, Swanley's Blue.—Deep blue ; fine habit ; good for massing or ribbon lines. Swanley's white and Swanley's blue make fine pot plants. They are of dwarf, compact, bushy habit. Each 10 cents : two for 15 cents.

LYCOPODIUMS. — Selaginellas.

Are indispensable for wardian cases, ferneries, etc. 20 cents each, except where noted.

Caeria.—Steel blue.

Cordata.

Rubricaulis.

Denticulata.

Denticulata Variegata.

Martensi Compacta.

Wildenowi.—More fern-like than the other varieties. 25 to 50 cents each.

LANTANAS.

We have few continuous blooming plants that afford a greater variety of color than the Lantana. It stands the hot dry summer to perfection. The following varieties are all fine plants :

Diadem.—Orange, buff and purple.

Harkett's Perfection.—The leaves are golden yellow, blotched and marbled dark green. It has rich, rose-colored flowers, with orange center, beautifully harmonizing with the foliage.

Grand Sultan.—Scarlet ; fawn center.

Mad. Hoste.—Lilac and yellow.

Etta.—Straw color.

Snow Ball.—Pure white.

California.—Very dwarf; height, 12 to 15 inches; flowers clear golden yellow ; a mass of bloom all summer. 20 cents each.

Faust.—Another dwarf variety ; flowers bronzy yellow ; also a great bloomer.

Rapale.—Yellow, changing to rose. 10 to 25 cents each.

Hardy Vines and Climbers.

HONEYSUCKLE.

Belgie.—Blooms throughout the season; flowers large, red and yellow; very fragrant. 25 to 50 cents.

Scarlet Monthly.—One of the best; a strong and rapid grower; flowers all summer. 25 to 50 cents each.

Japan Golden-Leaved.—A handsome and very desirable variety, with the foliage beautifully netted or variegated with yellow; very fine. 25 to 50 cents.

Yellow Monthly.—A well known popular vine; yellow. 35 cents each.

CLEMATIS CRISPA.

HARDY CLEMATIS.

For verandas, trellises, fences, etc.; of moderate height. They are most appropriate; they endure our severe winters exceedingly well, and in summer are covered with a mass of bloom when established

CLEMATIS CRISPA.

This is a lovely companion for the Clematis Coccinea; it has splendid bell-shaped flowers of a delicate violet blue, and of most delicious fragrance. 50 cents each.

Flamula, or Virgin's Bower.—Fine foliage, with small white flowers in clusters; fragrant. 25 cents.

Virginica.—Strong grower; best for porches; extremely floriferous; flowers white. 25 cents each.

Jackmanii.—Flowers large, blue; bloom all summer; very strong; good growers. 75 cents each.

Lanuginosa Candida.—White, slightly tinged lilac. 75 cents.

HARDY CLEMATIS.

CLEMATIS COCCINEA.

COCCINEA.—The Scarlet Clematis.

COCCINEA.—The Scarlet Clematis.

This remarkably handsome climbing plant is a herbaceous perennial, the stems dying to the surface each winter (this is an advantage where an unobstructed view is required in winter); the vines attain

the height of from 8 to 10 or 12 feet, beginning to flower in June, and continuing until frost. Single vines have from 20 to 30 flowers on each, and frequently as many as ten vines will start from one crown each season. 40 cents each.

WISTARIA.

A rapid growing vine, with clusters of light-blue flowers. 25 to 50 cents each.

Alba.—A white variety of the above. 50 cents each.

AKEBIA QUINIATA.

A perfect hardy and very rapid growing vine from Japan, with neat, graceful foliage. Produces large clusters of chocolate purple-colored flowers of a deli-

cate fragrance. Unsurpassed for trellises or verandas. Foliage not attacked by insects. 35 cents each.

PASSIFLORA INCARNATA.—Hardy Passion Vine.

A beautiful vine, entirely hardy, and rapid grower, rather slow at first; blue flowers. 25 cents each.

WOODBINE.

Same style as Virginia Creeper, but needs support; does well for fences, porches, etc. 25 cents each.

PERENNIAL PEA—Pink—White.

Entirely hardy, grows 6 to 8 feet in a season and will bloom all summer if pods are picked off. Each 25 cents, the two for 40.

Hardy Herbaceous Plants.

We offer a carefully selected and revised list of the rarest and choicest Hardy Plants, suited to our climate. The value of this class of plants is being yearly more fully appreciated, from the fact of their perfect hardiness, requiring but little care or attention, and producing their beautiful flowers during a season when they are most prized.

CHRYSANTHEMUMS.

Popular fall blooming plants. They are the queen of the fall blooming plants, and are getting very popular. The following are mostly new varieties, and all are worthy.

Juvana.—Red flowers, laced.

Anna Stowe.—White, full double.

Pres. Arthur.—Pink, changing to white.

Freycinet.—Creamy white quilled.

Yellow Eagle.—Pure golden yellow.

Golden Prince.—Straw color.

Anna Thorpe.—White; late.

M. Reaux.—Dark yellow.

Parquette.—Light pink; plant dwarf; pomponed, flowered.

Moonlight.—White; late to very late.

Geo. Glenny.—Golden yellow; early.

Frizon.—Pure golden yellow; early.

Dormillion.—Pink, changing to blush.

Mrs. S. Lyon.—Double, white; very best for early and late; can be had as late as Christmas, and blooms in October.

Mad. Matilda Raymond.—White, yellow center; pompon.

Seconse d' Or.—Pink; late.

Mrs. Geo. Rundel.—White, medium flower; late.

Aurora Borealis.—Golden bronze; late.

Septemus Lyon.—Coppery red.

Fair Maid of Gournsey.—Fine white; early to late.

G. W. Childs.—White quilled; large flowers.

Mlle. Bauchailat.—Old gold.

John Cherry.—Anemone—white, yellow disc; flowered; dwarf; early.

Colobri.—Old gold, quilled.

Mad. Lamoine.—Pure yellow, changing to bronze.

Coquette.—Petals twisted, gilded mahogany color, extremities of petals maroon.

Coriolan.—Medium sized flowers, petals imbricated, brilliant crimson rust color, plant free bloomer.

Blanc Precoce.—Pure white, nicely imbricated, petals raised at first then recurved when fully open. A hardy variety.

MM. Thibaut et Keteleer.—Crimson spotted with yellow, spiral formed petals at the center, reverse golden.

M. A. Vilmorin.—Crimson brick color, reverse of center petals golden, petals twisted.

Rosain-Boucharlat.—Orange and rose changing to gold color, flowers beautifully formed like the well known variety, *Glorie de Rayonanti*.

Diademe.—Flowers very large, rose and violet purple. Very beautiful.

Ninus.—Perfect formed flowers, color a tint of very pure straw color.

CHRYSANTHEMUM.—Moonlight.

La Cygne.—Flowers very large, long tube-shaped petals, creamy white. A grand variety.

Mrs. Brett.—This variety is of medium size, has the curious quilled and twisted character. As the flowers open it becomes almost round with shade of sulphur yellow; has the appearance of a golden ball. It produces its flowers on long stems, which makes it one of the best for cut flowers.

Mad. Grame.—White, medium aster, flowered very fine.

Villa de Toulouse.—Claret color, late bloomer.

Fiberta.—Yellow, dwarf. Fine pot-plant.

Pres. Arthur.—Bronze, large flower.

P. Julia LaGrover.—Bronzy red, dwarf.

St. Dennis.—Pink, dwarf.

Geo. Glenny.—Yellow.

Each, 10 cents; per dozen, \$1.00. My selection, 15 for \$1.00.

AQUILIEGUA CERULEA.

Rocky Mountain Columbine.—The most beautiful of all the Columbines; styled the Queen of the Columbines. The flowers measure from three to three and one-half inches in diameter; the outer five petals, as well as the long spurs, are of a beautiful violet-blue; the inner petals are pure white, forming a pleasing contrast. It is entirely hardy. 25 cents each.

Aquilegia Chrysanthea.—New, golden spurred Columbine; a splendid novelty from the Rocky Mountains. Hardy, perennial, with golden yellow flowers. 25 cents each.

PLUMBAGO LARPENTE.

A fine herbaceous plant of low growth, with trusses of flowers of the deepest blue; blooms continually; perfectly hardy. 25 cents each.

PANSY.

PANSY.

Heart's Ease.—The Pansy is a general favorite with every one who has anything to do with the flower garden; extra fine plants. 10 cents each; 75 cents per dozen.

A. PTARMICA PLENA.

Small, perfectly double, pure white flowers, blooming throughout the summer months. 20 cents each.

PINK ALBA FRIMBIATA, or HARDY WHITE SCOTCH PINK.

An entirely hardy double pink; first-class for edging the flower borders. Excellent also for forcing for winter bloom. Strong plants from outside. 25 cents each.

VARIEGATED BALM.

Foliage finely variegated; leaves fragrant. Excellent for hanging baskets, as well as bedding out. 10 to 25 cents each.

Yucca Filmentosia, or Adam's Needle.

Sword-shaped leaves; throws up a spike of white, bell-shaped flowers; fine for the lawn. 25 to 50 cents each.

LILIES.**Each**

L. Auratum, Golden Japan.....	40
L. Caradense, drooping red and yellow flowers.	25
L. Candidum, well known white.....	25
L. Turk's Cap, various colors	25
L. Trigignum, Tiger Lily.....	25
L. Trigignum, double	50
L. Rosium, white spotted rose.....	25
L. Rubrum, rose spotted crimson	25

Lilium Harrisii.—This Lily is particularly valuable for forcing. Its great value lies in its profusion of bloom. It will, under proper treatment, throw up a second stem, giving a smaller crop of bloom. It is from three to four weeks earlier than any other lily

grown for forcing, and the smallest bulbs send up

vigorous flowering stems. Our bulbs are in splendid condition. Each 25 cents. Pot-grown, 50 cents and upwards each.

LILLIUM HARRISII, or BERMUDA LILY.

PHLOX.—Hardy Perennial.

The beauty of the Phlox is not yet sufficiently known and esteemed. For their brilliant trusses of flowers, comprising all shades of color, from white to crimson, striped and mottled, they have few if any superiors among hardy perennial plants. They should be divided and replanted in freshly prepared soil each alternate year. Parties ordering Phlox will please state what color they wish, or they can leave selection to me. 20 cents each; per doz., \$2.00.

HARDY PHLOX.—White Lady.

Flowers white, in large heads; free bloomers; fine for cut flowers. 25 cents each.

TRITOMI UVARIA,—or Red Hot Poker.

A splendid half-hardy summer and autumn flowering plant, producing fine spikes of rich, orange flower tubes. 25 cents each.

SEDUM TELEPHIUM ROSEUM.

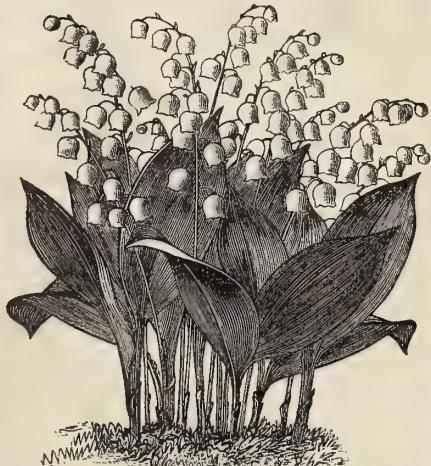

Live-for-Ever.

A splendid new variety of the Sedum tribe; hardy; grows about one foot high; flowers in large umbels from 6 to 8 inches in diameter; in bloom from August to November. 20 cents each.

DIELYTRA SPECTABILIS.

Dicentra, or Bleeding Heart.

A hardy, tuberous-rooted plant, adapted to outdoor planting or forcing for early spring blooming. It produces racemes of delicate pink and white heart-shaped flowers, in the open ground, in April and May. 15 to 25 cents each.

CONVALLARIA.—Lily of the Valley.

CONVALLARIA.—Lily of the Valley.

One of the most charming of our spring-flowering plants, whose slender stems, set with their tiny bells, diffusing a delicious odor, have rendered it a universal favorite. Roots delivered until April and after September 1st. 5 cents each; 50 cents per dozen.

DELPHINIUM FORMOSUM.

Large, bright, blue and white center. This is among the finest hardy herbaceous plants in cultivation, flowering in tall spikes of the most brilliant blue. If not allowed to go to seed, will flower from July to November. 25 cents each.

DAISIES.

DAISIES.

Free winter-flowering plants, dwarf, neat, double white and pink. Blooms all summer in shade; needs protection in winter. 10 cents each.

HYDRANGIA PANICULATA GRANDIFLORA

A perfectly hardy variety, with large flower heads, resembling snow balls. Very desirable. 25 cents to 50 cents each.

LYCHINS.

Viscaria Alba Plena.—Hardy, with fine, white, double flowers, which are produced with the greatest profusion during the entire summer. 25 to 50 cents each.

ASTILBA,—Or Spirea Japonica.

ASTILBA,—Or Spirea Japonica.

A splendid plant, either for outdoor flowering or forcing. It produces beautiful sprays of silver white flowers during February and March, when forced, or outside in June, its dark green leaves resembling some of the well known ferns. 40 cents each.

PEONIA.

This interesting genus contains many magnificent flowering plants. They are tuberous rooted, and quite hardy. They embrace all species of color, from pure white to crimson. 25 to 50 cents each.

FUNKA ALBA ODORA,
Or, White Day Lily.

An herbaceous plant of great beauty. It grows about one foot high, with luxuriant foliage of large size, and produces in June and July large, pure white flowers of a pleasing odor. It does best in a partial shade, and although hardy, it is benefitted by mulching with leaves or litter in winter. 25 cents each.

SEDUM ACRE,
Stone Crop, or Creeping Charley.

A low, spreading variety, of dense growth, not more than two inches high; perfectly hardy; remains green all winter. Adapted for edging around beds, vases and rock work. 20 cents each; \$1.50 per doz.

END OF HARDY PLANTS.

MANETTIA CORDIFOLIA.

A pretty climbing plant; bright scarlet; tubular flowers, about two inches long, forming a complete mass of bloom from July to October. Fine plant for large vases or baskets. 20 cents each.

MIGNONETTE.
Roseda Odorata.

Well known plant; delightfully fragrant. 15 cents each.

MIMULUS MOSCHATUS.
Musk Plant.

A very pretty dwarf plant; highly scented. 15 cents each.

MYRTUS COMMUNIS.

Bride's myrtle; a fine evergreen shrub, easily grown. 25 cents each.

MONEYWORT.

Exceedingly valuable for vases, baskets and rock work; retains its bright color in hot, sunny weather. 5 to 10 cents each.

NERIUM.—Oleander.

The Oleander is unsurpassed for hardiness, freedom of growth and beauty of flowers. 25 cents to \$1.00 each.

Double White.**Double Red.****OLEA FRAGRANS.**

A favorite greenhouse shrub, delightfully fragrant. The scent is sufficient to perfume a large conservatory. 50 cents to \$1.00 each.

OXALIS.

Small bulbs, very free blooming; A No. 1 for winter bloom.

Oxalis Lutea Plena.—The only double flowering Oxalis, perfectly double, of a beautiful shade of yellow, bore in clusters. 25 cents each.

Bowii.—Large, bold foliage, flowers pink, size of a 25 cent piece; each 25 cents.

Versicolor.—Flowers pink and white. 25 cents.

Lutea.—Single yellow; fine for winter bloom; strong grower. 25 cents.

Rosea.—Pink bloom. 10 cents.

Floribund.—White flowers. 10 cents.

Ortegii.—Shrubby habit; flowers yellow. 10 to 25 cents.

Venusta.—Dwarf, and bushy flowers; pink. 25 cents.

Hirta.—Drooping habit. 10 to 25 cents.

Dry Bulbs, in fall, of all varieties, 75 cents dozen.

PASSIFLORA TRIFASCIATA.

A fine variety of the passion flower, with beautiful tri-lobed leaves. The ground color of the leaf is rosy carmine, the center part having three shades, white, rose and carmine. Does finely out doors in summer. Rapid grower. 25 cents each.

PRIMULA.—Chinese Primrose.

PRIMULA.

Chinese Primrose.

Indispensable winter-blooming plants, always in flower.

Double White.—50 cents to \$1.00 each.

Single White.—25 to 50 cents each.

Single Pink.—25 to 50 cents each.

POINSETTIA PULCHERIMA.

A tropical plant of gorgeous beauty. The bracts or leaves that surround the flower are of the most dazzling scarlet; it blooms in winter from November to February. 25 cents to \$1.00 each.

POMEGRANATE—James Vick.

POMEGRANATE.

A dwarf variety of Pomegranate. It has the peculiarity of flowering profusely when not more than a foot in height. The color of the flower is a peculiar shade of orange-scarlet, a scarce color, brilliant in the extreme. The plant blooms from October to December. It is deciduous; it can be kept in a cellar or under a stage of a greenhouse until it is time to start to grow again in May. 20 to 50 cents each.

PLUMBAGOES.

Shrubby plants for house or garden culture; fine bloomers and very showy; stands the sun well; in three varieties, pink, white and red. Each 25 to 50 cents.

PERISTROPHE AUGUSTIFOLIA.

An elegant summer bedding plant, and equally useful for the greenhouse. Foliage brilliant golden-yellow, three inches long, one inch wide, margined with bright green; compact habit; fine also for baskets, vases, etc. 20 cents each.

PHORMIUM TENAX.—New Zealand Flax.

Long, sword-like, evergreen leaves suitable for ornamental grounds or vases. Nearly hardy. Can be wintered in a cellar. 50 cents to \$1.00 each.

PITTOSPORUM TOBIRA.

An evergreen shrub, with exquisitely fragrant flowers in winter. 50 cents each.

PITTOSPORUM TOBIRA VARIEGATA.

Handsome evergreen. Variegated foliage, fragrant flowers. A fine window plant. 50 cents each.

PETUNIAS.

PETUNIAS.

Double.—Petunias bloom from June until frost. In 12 kinds. 15 cents each; \$1.50 per dozen.

PILEA MUSCOSEA, or Artillery Plant.

A very pretty little plant, resembling tree moss in appearance. Grows about eight inches high. Very small, green leaves. Desirable for hanging baskets. 10 to 20 cents each.

PALMS.

The following are large plants, ready for immediate effect; 8 and 10-in. pots, and the prices are very low for such fine plants. For other varieties, see page 13.

LATANIA BORBONICA.

Latania Bourbonica.—Chinese Fan Palm. Very popular. \$8.00 to \$5.00 each.

Chamarops Excelsa.—A handsome Palm Fan. \$5.00 each.

Corypha Australis.—Australian Palm Fan. \$2.00 to \$5.00 each.

Cycas Revoluta.—Sago Palm. \$10.00 each.

Seaforthia Elegans.—\$2.50 to \$5.00 each.

Pythasperma Alexandria.—\$2.50 to \$5.00 each.

Phœnix Reclianata.—\$3.00 to \$10.00.

SEAFORTHIA ELEGANS.

RHYNEOSPERMUM JASMANOIDES.

Flowers white, in clusters; sweet scented; climbing habit. 50 cents each.

ROSEMARY.

A well known fragrant shrub of easy culture, thriving everywhere. 15 cents each.

PANDANUS UTILUS.

PANDANUS UTILUS.

A very ornamental variety of the so-called screw pine, with dark, olive-green leaves. A fine decorative plant for the parlor or conservatory. Small plants 75 cents each; strong plants \$2.00 each.

REINEKA CARNEA VARIEGATA.

A dwarf, tuberous-rooted grass of easy cultivation. Height about six inches. Very compact of growth. Very desirable for fernaries, baskets etc. 10 cents each.

POLYGONUM REFLEXUM.

Curious, small, round foliage; good basket plant. 25 cents each.

RUELLIA FORMOSEO.

Flowers scarlet. Blooms in winter. Needs heat to flower it. 15 cents each.

RUSSELIA JUNCEA.

A splendid basket plant, of neat, splendor habit. Flowers scarlet, tube-shaped, and are very conspicuous. 25 cents each.

THE ROSE.

The Rose still maintains its position as the most attractive of flowers. Every year adds a large number of varieties to our extended list—new in name at least, if not in character—and it shall be our endeavor, after careful comparisons, to point out such of them as show an improvement over older varieties; though some of the older varieties are still in the lead, and are unsurpassed by none. Ever-blooming roses can not be secured unless the plants are kept in a vigorous, growing condition. A fresh, loamy soil, enriched with well-rotted manure, is the best, and fertility preserved by yearly top-dressing.

HYBRID PERPETUAL ROSES.

This class is very popular. Some of the sorts are also very fragrant. All entirely hardy, and frequent bloomers:

La France.—Satin rose, fragrant; very free-flowing. One of the best and finest roses suited to our climate. 15 cents.

Madame Charles Wood.—Brilliant crimson; extra.

General Washington.—Bright vermillion rose; large, fine form; perfectly double; very free bloomer; fragrant.

General Jacqueminot.—Rich, velvety scarlet, changing to scarlet crimson. Magnificent bud.

Marie Rady.—Brilliant red; flowers full; one of the best.

Triumph D'Angiers.—Dark velvety maroon, shaded with scarlet. Flowers of medium size, showy, double. Blooms continuously and freely throughout the season. 25 cents.

Mad. Masson.—Redish crimson, free bloomer; a good rose. 20 cents.

Mad. Plantier.—Not a true Hybrid perpetual, as it blooms only in summer, but makes a fine rose for cemetery planting; flower, pure white.

Paul Neron.—Dark rose; very large; fine form; vigorous habit; seeding from Victor Verdier. The largest rose.

Victor Verdier.—Rich cherry rose, shaded carmine; very fine coloring; beautifully formed; very full; very free-flowering.

Crown Prince.—Flowers bright purple, the center shaded crimson; very large and double. Flora-ferous, good growth and habit.

Coquette des Alps.—White, sometimes shaded pink; of fine cup form; flowers in clusters. Free flowering.

Coquette des Blanche.—Flowers white; free bloomer and good grower. Excellent for ceme-teries. 25 cents.

Magna Charta.—Pink, suffused with carmine; very full. One of the finest of its color.

Captain Christy.—Color a fresh, delicate pink; flowers of splendid form; very free flowering. A desirable variety.

Marie Baumann.—Bright Carmine; flowers very large; free bloomer. Every way one of the finest roses grown. 20 cents each.

Maurice Bernardin.—Bright crimson; large; moderately full; free flowering, generally in clusters. 10 cents, except noted.

EVER-BLOOMING ROSES.

Hermosea.—Pink.

Appoline.—Pink, large cupped; free bloomer.

La Phœnix.—Fine, brilliant red; profuse bloomer.

S. D. Malmaison.—Flesh color; large and full; a first-class rose; good bloomer.

Douglass.—Red, free flowerer and sweet scented.

Purple Crown.—Rich, dark crimson; very free bloomer.

Agrippinia.—Rich, velvety crimson; best.

Louis Phillipi.—Crimson and rose.

White Daily.—White flowers; pretty bud.

Pink Daily.—Pink flowers; free in bloom.

Perle Des Jardens.—Fine, straw yellow, sometimes deep canary yellow; very large, full and most perfect. Forms one of the finest roses grown.

Coquette de Lyon.—Canary yellow, very bright flower, large and double. The plant is vigorous and always in bloom.

Marie Van Houtte.—Light yellow, shaded pink; vigorous, and blooms abundantly.

Triumph de Luxembourg.—Rosy carmine, flower large and double; free growth and flower.

Compe de la Barthe.—Salmon pink; very fine.

Isabella Sprunt.—Clear yellow, free and sweet.

Mad. Bravy.—Rich, creamy white, with blush center; perfect form.

Safrano.—Fawn, shaded with rose.

Comptesse Riza du Pare.—The flower is large size; very double, full and sweet; color bright, coppery rose, tinged and shaded with soft, violet crimson; a strong grower and profuse bloomer.

Marie Guillott.—A splendid rose; first class in every respect; color, pure white, shaded at center with golden yellow; extra large size, full and double; very sweet tea-scent.

Pierre Guillott.—Bright, dazzling crimson, passing to brilliant carmine; flowers double, full, and a constant bloomer. 25 cents each.

White Bon Silene.—As free in bloom as its parent Bon Silene. Flowers a creamy white.

Bon Silene.—Deep rose, not double when open. Highly esteemed for its beautiful buds. Invaluable for cutting and floral decorations.

Nemesis.—Velvety-crimson. One of the darkest of its class.

Clement Nabonnand.—Cream color, shaded light crimson; strong growing, free flowering rose. One of the best.

La Princess Vera.—A vigorous rose; flowers large and full; color creamy white; outer petals copper yellow; large, pointed buds; very double.

Catherine Mermet.—Beautiful, clear flesh color; large, full, well formed, beautiful in bud.

Crimson Bedder.—Medium size; rich dark crimson.

Dutchess De Brabant.—Soft, rosy flesh, changing to deep rose.

Mad. Brest.—A splendid, dark colored rose; flowers large and double, and handsome when open.

Bride.—See special description.

Cornelia Cook.—Beautiful, creamy white; immense buds, strong grower. When well grown, buds open finely.

Eutoile de Lyon.—Buds yellow, similar to M. Neil. A good bedding rose.

Niphotos.—Free flowering, white rose; the best for winter bloom of its color. Rather slow at first to grow, but when established, a good rose to bloom; large pointed buds.

Queen's Scarlet.—In color, rich, velvety crimson; flowers large and freely produced.

Souvenir d'un Ami.—Fine, delicate, rosy pink, large and double. A fine rose, either in or out of doors. Excellent rose to force for winter bloom; more bloom can be cut from this rose than any other rose of its color.

Sunset.—Flowers of large size, fine full form, very double; rich golden amber in color. A good and valuable rose for forcing in the green house or conservatory. 15 to 25 cents each.

Andre Schwartz.—A good bedder, variable in its color at times, but a good and free blooming, red rose.

Mme. Joseph Schwartz.—White, beautifully flushed with pink; extremely free with its flowers. One of the best of its color for out-door bedding.

Roses, 1st size, 10 cents each, \$1.00 dozen, \$8.00 per 100.

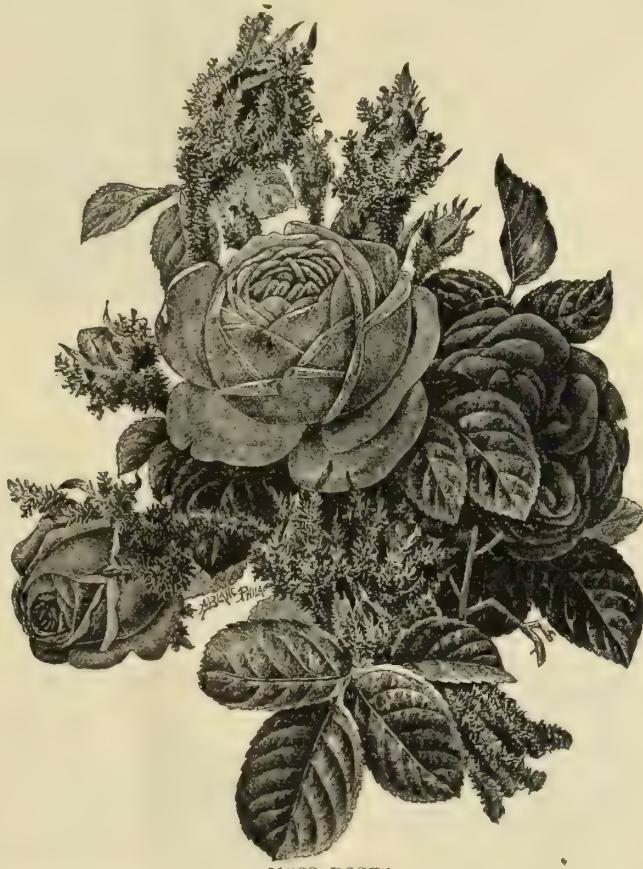

Roses, 2d size, 20 cents each, \$2.00 dozen, \$15.00 per 100.

Roses, 3d size, 30 cents each, \$3.00 dozen, \$20.00 per 100.

Or, if customers prefer, I will select for them at the above prices, purchasers naming size of plants they want.

We have many varieties of roses not mentioned here, in Hybrid, Perpetuals, Teas, Bourbons, Bengals and Noisettes. I have reduced the list to a few good, old, well tested varieties.

My selection of varieties, 15 for \$1.00; 10 for \$1.00; 6 for \$1.00, according to size.

MOSS ROSES.

MOSS ROSES.

Moss Roses stand alone in picturesque beauty, different and distinct from all others. Their opening buds, half covered with a delicate clinging moss of fairy-like texture, command our especial admiration, and well deserve the loving tribute paid them in poetry and song. The Moss Rose is a strong, vigorous grower, **PERFECTLY HARDY**, and therefore justly esteemed as very desirable for out door culture in open ground. Most varieties bloom but once in the season, and usually not the first year, but the flowers

and buds are very large and handsome, remain in bloom a long time, and are highly prized wherever the beautiful roses are known. They like rich ground and are much improved in beauty and fragrance by liberal manuring and good cultivation, but they bear hardships and neglect well, and always bloom profusely. Being difficult and slow of propagation, the price is higher than for other roses.

Henry Martin.—Fine, rosy pink; large, full and globular; fragrant and mossy.

Luxemburg.—Bright crimson scarlet; large and double; very sweet and mossy.

Princess Adelaide.—Fine, strong grower; hardy, flowers bright rosy pink, large and very double; beautifully mossed.

Glory of Mosses.—A magnificent Moss Rose; extra large and perfectly double; color deep rosy carmine, shaded purplish crimson; very mossy and fragrant; one of the finest.

The price of Moss Roses is 35 cents each, three for \$1.00.

POLYANTHA ROSES.

Called Japanese, or Fairy Roses.

Pacquerette.—The most double and perfect of the Polyanthas Roses. Flower about one inch across, very double and pure white. A free and continuous bloomer winter and summer. 10 to 25 cents each.

Mad. Cecile Bruner.—Very pretty, with slender salmon colored buds, heavily shaded rose.

Mignonette.—In color a delicate rose, intermingling of white; blooms in clusters and flowers freely. An excellent variety.

Perle d'Or.—A yellow Polyantha, not as deep as Perle des Jardins, but light yellow in the center; the

outer petals become almost white. A beautiful and free flowering rose.

NOISSETTE ROSES.

These roses are free bloomers, flowering in clusters, of taller habit than the other classes mentioned. Needs protection in this climate; does well in the South as pillar roses.

Caroline Mariness.—Creamy white, small and double.

Woodland Marguerite.—Pure white; free.

Lady Washington.—White; good bloomer.

Marechal Neil.—Beautiful, deep yellow; very large, full globular form; sweet scented.

Gloire de Dijon.—One of the finest of the Noisette Roses. It is noted for the size of its flowers and the delicate tea scent. Color, a blending of amber, carmine and cream. 10 to 25 cents each.

PRAIRIE ROSES.

Very Hardy Climbers.

Baltimore Belle.—Blush White.

Prairie Queen.—Deep rose.

10 to 50 cents each.

SUCCULENTS.

A class of plants of easy culture, admirably adapted for house culture, as they stand the dry atmosphere of rooms. They don't like much water; about the only way you can kill them is by over-watering.

KLENA REPENS.

A succulent plant, with long, fleshy glaucous, upright, green leaves; used as a basket plant, or for bedding with other succulents. 20 cents each.

CRASSULA.

Showy, succulent plants, adapted for pot culture, rock work or the border.

Cordata.—Flowers white, star-shaped, and produced on plants when quite young. It blooms before Christmas, and is a favorite with the bouquet maker. 20 cents each.

Spatulata.—A low, trailing, succulent plant, with heart-shaped leaves, bearing clusters of small, white, star-shaped flowers. It is valuable for rock work, baskets or vases. 10 to 20 cents each.

STAPELIAS.

Asterias.—A curious erect-growing plant resembling the cactus. The square stem and branches, with the prominent four angles, are dull green, covered with a grayish down; flowers fully an inch in diameter, star-shaped. 20 cents each.

Serpentenas.—Same as *Asterias*, only more trailing. 20 cents each.

AGAVES.

Agave Americana.—Century plant. 50 cents to \$3.00 each.

Agave Americana — Variegated.—Fine for vases; stands the sun well; stands a good deal of neglect in the way of forgetting to water. 50 cents to \$10.00 each.

HOAY CARNOSA—Wax Plant.

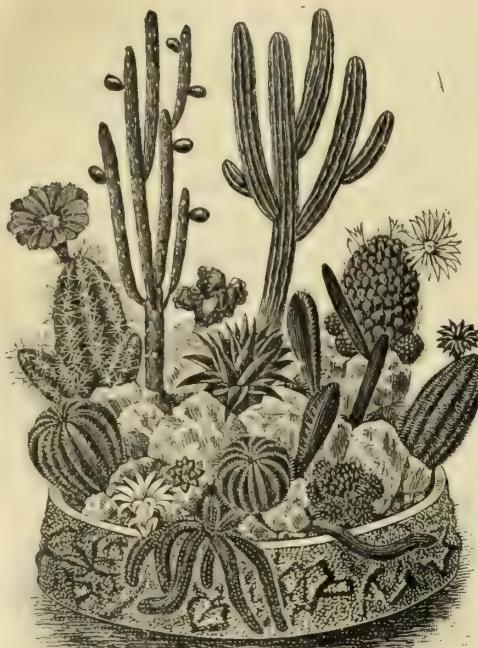

Climbing, with very thick leaves. Stands the dry atmosphere of the room well. 20 cents to \$1.00 each.

PEPEROMIA MACULOSA.

This is the handsomest of the Peperomias, the leaves of which are of a wax-like character. Are of great substance, with bright, green ribs or veins, the intervening space being white. It is easy of cultivation. 25 cents each.

MESEMBRYANTHEMUM.

Wax Pink Grandiflorum.—A variety with pointed round foliage, producing in spring large pink flowers; suitable for baskets. 20 cents each.

CACTUS.

Cactus.—Of sorts, twelve named varieties, 25 cents each; per dozen, \$2.50.

Lobster Cactus.—Fine for winter bloom, no thorns on the plants, 25 to 50 cents each.

ECHEVERIA.

A genus of succulent plants, both novel and interesting. They are useful either as pot plants, for decorating purposes, or for bedding out in summer. Being natives of arid countries, they thrive best if planted in a dry situation, growing where most other plants would fail.

BED OF ECHEVERIAS.

Echeveria Lutea.—Height, 18 inches.

Echeveria Splendens.—Height 30 inches. 25 cents.

Echeveria Globosa Rosea.—Height, 2 inches, 10 cents.

Echeveria Glaucea.—Height, 2 inches, 10 cents.

Echeveria Californicum.—Height, 2 inches, 10 cents.

The dwarf Echeverias are much used in ribbon beds. Prices by the hundred given on application. Echeveria Nuda and Echeveria Splendens are fine house plants and good winter bloomers. 20 cents each and upward according to size.

ECHEVERIA EXTENSIA GLOBOSA, or Giant House Leek.

This mammoth variety is good shape; light green color; it attains a diameter of 15 inches, but is not coarse looking. Wherever succulents are used for carpet bedding this variety will be needed. Each 25 cents.

DEW PLANTS.

A neat little plant for baskets, or to be grown in pots. Leaves look frosted; flowers purple. 10 cents each.

VARIEGATED DEW PLANT.

A new plant, valuable for baskets or vases, as its succulent character enables it to stand our hot and dry weather admirably. The variegation of the leaves, green and white, is very distinct, and the star-like purple flowers contrast finely with the white foliages. 20 cents each.

ALOES.

Fine pot plants. Stand the dry temperature of dry rooms. Thick, fleshy leaves.

Aloe Margifera.—50 cents to \$1.00 each.

Aloe Arborea.—25 cents to \$1.00 each.

Aloe Trigdefolia.—50 cents each.

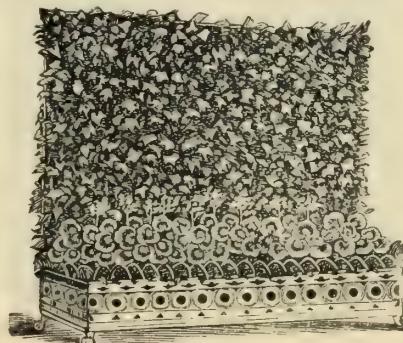

SEDM CARNEUM VAR.

A beautiful, little plant, adapted for edging of beds, rock-work or hanging baskets. 20 cents each.

(END OF SUCCULENTS.)

PARLOR IVY.

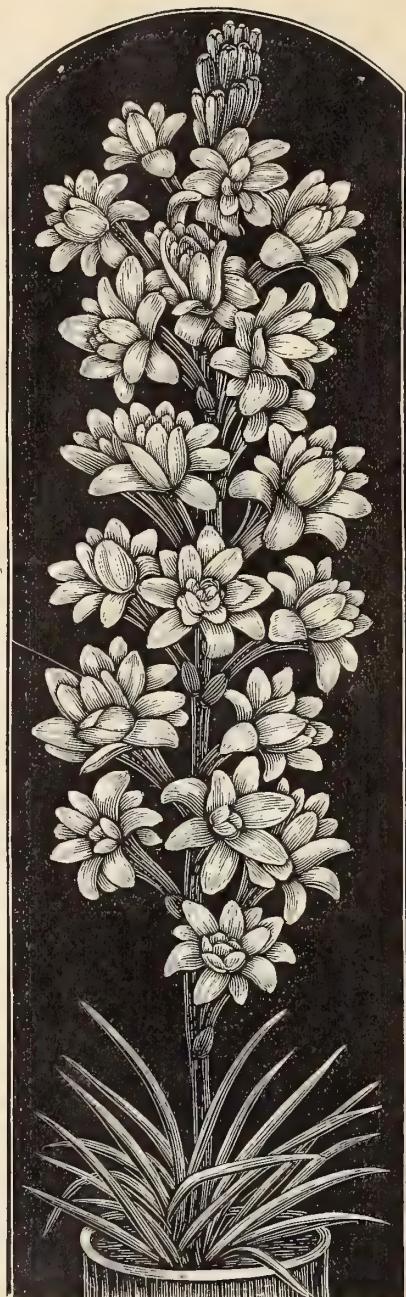

Fast growing vine. 10 to 25 cents each.

IVIES.

IVIES.

Hedera Helix.—Not hardy in the west, only in certain well shaded positions, sheltered from the winds of winter and heat of summer. As for pot plants for the house, they are unequalled. 25 to 50 cents each.

TUBEROSE.

TUBEROSE.

Single.—It is valuable as a bouquet flower. Earlier than the double. 10 cents each.

Variegated Foliage.—Beautifully margined or striped yellow and green; early single flowers. 15 cents each.

Double.—It has become an almost indispensable

plant, in its season, for its pure white flowers and delightful fragrance. Good blooming bulbs. 10 cents each; \$1.00 per dozen; \$5.00 per hundred.

Pearl.—Plants more dwarf, and flowers larger; good for pots. 10 cents each; \$1.00 per dozen.

Imported Pearl Tuberose.—20 cents each.

Imported Italian Tuberose.—20 cents each. See cut. These bulbs are large and fine.

SALVIAS.

M. Issachan.—Creamy, white flowers, evenly variegated with scarlet; plant dwarf and free blooming. The best variegated sort we have seen.

Rutilans — Apple Scented.—Produces freely, neat spikes of magenta-colored flowers; graceful foliage, with a very agreeable fragrance.

Bruentii.—A compact grower. It flowers very profusely; color bright scarlet. A distinct and beautiful novelty in this well known class.

Mrs. Edward Mitchell.—It is a distinct crimson purple color, having the habit of the old scarlet variety (Splendens), and is a decided acquisition.

Scarlet Sage.—A well known plant, and fine for either house or garden decoration. Also blooms finely in the house in winter. 10 cents each.

Pure White.—This is a good one where white flowers are wanted, also fine for cemetery planting.

STENOTAPHRON.

Desirable plants for baskets, vases and urns, and for bracket in window decoration, it has no equal, its elegant grass-like foliage, striped with white and creamy yellow, with long pendant shoots of from one to two feet in length, are remarkably distinct. The cultivation is of the very easiest, succeeding admirably in any common soil. The plant has also proved a great acquisition in the now popular carpet and pattern bedding designs. 10 cents each.

SCUTTELLARIA.

A beautiful plant, the ends of the branches of which are terminated with spikes of brilliant colored flowers. 25 cents each.

STEVIA SERATA.

White winter blooming plants of great value, in style of growth and free flowering qualities resembling the Eupatorium, requiring the same treatment; flowering during November to February. 10 to 20 cents each.

TRADESCANTIA DISCOLOR.

Upright herbaceous plant, large dark green leaves, under-sides purple; very ornamental. First-class for baskets, etc. 25 to 50 cents each.

MYRSIPHYLLUM ASPARAGOIDES.

Smilax.

A climbing plant unsurpassed in the graceful beauty of its foliage, and its peculiar wavy formation, rendering it one of the most valuable of all plants for vases or hanging baskets. For wreaths, festoons, and dressing the hair, it has become a great favorite, and is extensively cultivated for this purpose. 15 to 25 cents each.

JASMINUMS.

Grandiflorum.—A valuable climbing winter-flowering plant, blooming from October till May. Flowers are pure white, and delightfully fragrant. 25 cents to \$1.00 each.

Revolutum.—A yellow flowering Jasmine, growing rapidly to about the height of ten feet. A splendid plant for the Southern states; very fragrant. 25 cents to \$1.00 each.

HOAY CARNOSA.—Wax Plant.

Climbing, with very thick leaves; stands the dry atmosphere of the room well. 20 cents to \$1.00 each.

PASSIFLORA QUADRIACULARIS.

Strong grower, leaves blotched yellow on green ground; a good plant for in or out doors, and makes a fine pot plant. 25 cents each.

PASSIFLORA ARC EN CIEL.

Fine for hanging baskets; a rapid grower, also good to train over windows; makes itself at home in almost any situation. 25 cents each.

SOLANUM JASMINOIDES.

A fast-growing vine, either for house or garden. Splendid to train up to windows; also for large vases. Flowers white; blooms in clusters. 20 cents each.

Variegated.—Same as the above only the leaves are finely variegated. Good bedding plant, and when well grown makes a splendid vine. 20 cents each.

MAURANDIA BARCLAYANA.

A rapid growing vine, good for bedding out in summer or for vases and hanging baskets, and is a constant bloomer; purple and white flowers. 20 cents each.

MADEIRA,

Or, Mignonette Vine.

One of the finest and most rapid growers. Flowers white. Sweet scented. 10 cents each; \$1.00 per dozen.

VINCA MAJOR,

Running Vines.

Harrisonii.—See special description.

Elegantissima.—Leaves green; strong grower.

Elegantissima Var.—Leaves green and white variegated; are fine for baskets, vases, etc. 10 to 20 cents each.

**SENICO MACROGLOSSUS.****SENICO MACROGLOSSUS.**

A decided improvement over the old German Ivy; thick, fleshy leaves of a dark, metallic hue; it is often mistaken for English Ivy, even by florists. It is of a vigorous climbing habit, a splendid basket or vase plant, in or out of doors. 20 cents each.

VINCA HARRISONII.

A new seedling of very distinct form. Strong grower, throwing out numerous shoots; margin of leaves dark green, center of leaf marbled with yellowish green. Flowers blue. 20 cents each.

MEXICAN MORNING GLORY.

A rapid and luxuriant climber. Flower light purple; free bloomer. Tubers can be kept in cellar like Dahlia roots. 25 cents each.

(END OF TENDER CLIMBERS.)

NEW WHITE VIOLET.

Swanley White.—This is also a sport, having originated in Italy from the very popular and well-known Marie Louise. We have grown this for nearly three years, and can say that it is in every way equal to its parent, having the same growth, the same

freedom of flowering, the same perfume, and the individual flowers are equally as large and of the purest white. This will offer quite a new feature in the use of this very popular flower, as it can be used in all designs and decorations where the purple violet is objectionable, especially for use in wedding bouquets, for the hand, corsage or personal decoration. This must not be confounded with any white violet previously offered, as it is truly perpetual, whereas other kinds flower for a period of a few weeks only. 10 cents each.

Maria Louisa—Violet.—Double, blue; splendid. 10 cents each.

VARIEGATED SWEET ALYSSUM.

A pretty little plant, with striped leaves and small trusses of white fragrant flowers. Well suited for edgings of beds; stands the hottest sun. 10 cents each; \$1.00 per dozen.

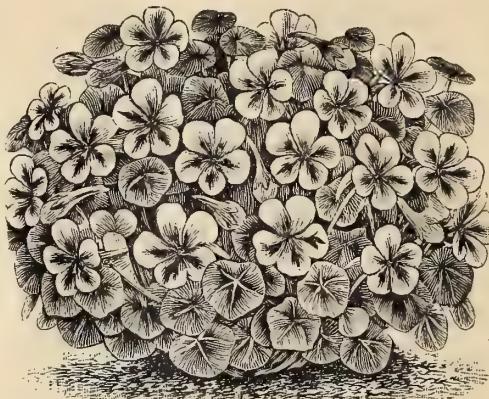

VINCAS.—Shrubby.

Vinca Alba.—Flowers white.

Vinca Rosea.—Flowers pink.

Vinca Nova.—White, pink-eye.

Everblooming, tender, shrubby plants. Good bedding plants. 10 to 20 cents each.

NEW DOUBLE TROPOLUM.

NEW DOUBLE TROPOLUM.

A very distinct sort, of considerable value; flowers from two to three inches across, of a bright orange scarlet color; as double as a Balsam flower. 10 cents each; 75 cents per dozen.

Tropolum, Empress of India, and several other varieties, 10 cents each; 75 cents per dozen.

VERBENA.

VERBENAS.

Century.—Brilliant scarlet, clear white center.

Crystal.—Pure white.

Crimson King.—A splendid large crimson scarlet variety.

Damson.—Rich purple mauve, clear white center.

Edith.—Salmon shaded carmine, center white.

Emily.—Royal purple, clear large white center.
Endymion.—Deep vermillion, crimson shading, with large white eye.

Fanny.—Violet rose, large white eye.

Glow-worm.—Brilliant scarlet, perfect form.

Jean.—Rosy pink, distinct white center.

Mermaid.—Large, rich magenta, white eye.

Maltese.—Lilac shaded blue.

Nellie Park.—Orange scarlet, splendid.

Azurea.—Pale blue, very fragrant.

Auricula.—Purple crimson, white eye.

Brightness.—Crimson scarlet, white eye.

Blue Bird.—Blue, white eye.

Beauty of Oxton.—Large pink.

Blue Bonnet.—Fine blue, white eye.

Bernica.—Deep maroon, white eye.

Diadem.—Scarlet, black eye, extra.

Fire Fly.—Intense flame scarlet, dark eye.

Humboldt.—Maroon, white eye.

Mrs. Woodruff.—Clear scarlet.

Pearl.—Pure white, fragrant.

Queen Mab.—Fine rich crimson scarlet.

Surprise.—Orange scarlet, white eye.

Snow White.—Pure white, large flower.

Sir Garnet Wolseley.—Rosy crimson, white eye.

Price, 10 cents each, 4 for 25 cents. Many other kinds not named in this list. My selection 50 cents per dozen.

YUCCAS.

Are fine for center of vases, or for garden decoration.

Yucca Recurva.—50 cents each.

Yucca Filamentosa.—Adam's Needle.—25 cents each.

THYME.

Three varieties, lemon, golden and silver; fine for edging beds or for hanging baskets; leaves have an agreeable fragrance. 15 cents each.

LILIES.

Lilium Lancifolium Roseum.—25 cents each.

Lilium Candidum.—25 cents each.

Lilium Longiflorum Japonicum.—25 cents each.

Tiger Lily.—20 cents each.

Lilium Candidum.—Can furnish them pot grown. Offer them this way, as it often happens that parties order Lilies when it is too late to send them out. When grown in pots they can be set out at any time. By express only. 30 to 50 cents each.

HARDY SHRUBS.

Hydrangia Grandiflora.—White flowers.

Privit.—White flowers, in spikes

Mock Orange.—Large white flowers, in trusses.

Lilae, Persian.—Best variety; free bloomer.

Spirea Callosa Alba.—Very fine bloomer; flowers white; dwarf habit.

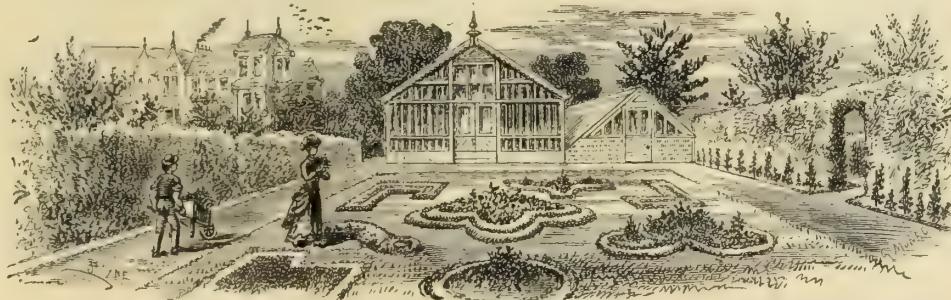

Spirea Prunifolia.—**Bridal Wreath.**—Pure white.

Snow Ball.

Wegalia Roses.—Flowers pink.

Calycanthus, or Sweet-Scented Shrub.

25 to 50 cents each.
